In *TV Snapshots* Lynn Spigel explores snapshots of people posing in front of their television sets in the 1950s through the early 1970s Like today s selfies TV snapshots were a popular photographic practice through which people visualized their lives in an increasingly mediated culture Drawing on her collection of over 5 000 TV snapshots Spigel shows that people did not just watch TV women used the TV set as a backdrop for fashion and glamour poses people dressed in drag in front of the screen and in pinup poses people even turned the TV setting into a space for erotic display While the television industry promoted on screen images of white nuclear families in suburban homes the snapshots depict a broad range of people across racial ethnic and class backgrounds that do not always conform to the reigning middle class nuclear family ideal Showing how the television set became a central presence in the home that exceeded its mass entertainment function Spigel highlights how TV snapshots complicate understandings of the significance of television in everyday life *Shots and Snapshots in British East Africa* Edward Bennet,1914 **Camera** ,1904 Soldier Snapshots Jay Mechling,2021-08-10

In *Soldier Snapshots* Jay Mechling explores how American men socially construct their performance of masculinity in everyday life in all male friendship groups during their service in the military The evidence Mechling analyzes is a collection of vernacular photographs snapshots of and by American soldiers sailors Marines and aviators Since almost all of the snapshots are photographs taken of men by other men this book offers a unique view into the social construction performance and repair of American masculinity Mechling guides the reader from the snapshots to ideas about the everyday lives of male soldiers to ideas about the lives of men in groups to ideas about American culture In his introduction Mechling offers his thoughts about how to undertake the interdisciplinary study of American culture he draws from history folklore anthropology sociology rhetoric psychology gender and sexuality studies ethnic studies popular culture studies and visual studies to reveal the intricacies of how men use their folk practices in an all male group to manage the paradoxes of their friendship and comradeship under sometimes stressful conditions *Soldier Snapshots* begins with a brief history of war photography and establishes the nature of vernacular photography the snapshot This is followed by a jargon free discussion of the key ideas about masculinity and the vernacular practices of men in groups exploring male friendship the important role of play in men s relationships and the ways animal buddies adopted by male friendship groups actually tell us even more about male friendship and issues of trust In the final section Mechling s careful analysis reveals how the men employ different folk practices including rough and tumble playfighting building human pyramids bathing naked in public cross dressing hazing and gallows humor in order to manage their relationships Regardless of the man s sexual orientation and sexual identity the

strong heterosexual norm in the military means that the men must find ways to understand and even enact or perform their feelings of bonding while still defining those feelings and acts as heterosexual *Snapshots of Valor* Herbert Elliot,1918
