### **Authenticity and Authorship in Pacific Island Encounters**

Jeannette Mageo,Bruce Knauft,2021-04-01 The insular Pacific is a region saturated with great cultural diversity and poignant memories of colonial and Christian intrusion Considering authenticity and authorship in the area this book looks at how these ideas have manifested themselves in Pacific peoples and cultures Through six rich complementary case studies a theoretical introduction and a critical afterword this volume explores authenticity and authorship as traveling concepts The book reveals diverse and surprising outcomes which shed light on how Pacific identity has changed from the past to the present They Make Themselves Jane Fajans,1997-08-04 For generations of anthropologists the Baining people have presented a challenge because of their apparent lack of cultural or social structure This group of small scale horticulturists seems devoid of the complex belief systems and social practices that characterize other traditional peoples of Papua New Guinea Their daily existence is mundane and repetitive in the extreme articulated by only the most elementary familial relationships and social connections The routine of everyday life however is occasionally punctuated by stunningly beautiful festivals of masked dancers which the Baining call play and to which they attribute no symbolic significance In a new work sure to evoke considerable repercussions and debate in anthropological theory Jane Fajans courageously takes on the Baining Problem arguing that the Baining define themselves not through intricate cosmologies or social networks but through the meanings generated by their own productive and reproductive work **Europa's Blood** James Daniel Shunk,2025-05-06 What is inside of us What are we meant to be What is left when everything we clutch onto so dearly is yanked away High school student U Jin Song falls through a portal created by a time machine and finds himself lost in the year 2499 Song makes friends with a local street vagrant named Pitzy Soon after he discovers that she is more than a common street rat she is working undercover to help find information about an Earth plot to invade the Pearl of the Outworlds a moon of Jupiter called Europa The Pearl has a belly full of fresh water which is desperately needed on Earth Song soon discovers that Pitzy is a Martian intelligence operative working with the Juptorian inhabitants to stop the invasion a group of half animal half robot hybrid humanoids called aniborgs Song s goal is to find his lost time machine and get home Still he quickly gets entangled in an interplanetary power struggle over natural resources leaving all the future societies Mars Jupiter and Earth on the brink of war Everyone quickly realizes the dark and dangerous potential power of a time machine Whole cultures could be erased with a single timeline shift When Song is faced with the ultimate decision of destroying the very time machine that can get him home what will he do Help a foreign cruel future world that has no love for him or race back through time There is a time when everyone must look outside themselves and decide if they can choose something greater What does it take to dig down and decide to become a hero **Herd Register** American Jersey Cattle Club,1925 **Untouchable Cute Baby** Qi QingEr,2020-07-26 Who was Zuo Xiyan A professional driving division dealing with all kinds of personal problems was once a

well known international bandit However he did not expect to catch the wrong person in the wrong room on a mission treating the old warlord of China the only son the feared by all Song Chen as a mistress They had faced each other on their first meeting yet they were defeated by his hands and body In the end they were forced to be his nominal lover and from then on the path of mutual love and killing unfolded
