Sort of Sisters , **The Nether World** George Gissing,1889 [Sisters of Silver Creek](#) Bessie Marchant,1908
Home Chat ,1899 [The Ties That Bind](#) Bernard Capp,2018-06-28 The family is a major area of scholarly research and public debate Many studies have explored the English family in the sixteenth and seventeenth centuries focusing on husbands and wives parents and children The Ties that Bind explores in depth the other key dimension the place of brothers and sisters in family life and in society Moralists urged mutual love and support between siblings but recognized that sibling rivalry was a common and potent force The widespread practice of primogeniture made England distinctive The eldest son inherited most of the estate and with it a moral obligation to advance the welfare of his brothers and sisters The Ties that Bind explores how this operated in practice and shows how the resentment of younger brothers and sisters made sibling relationships a heated issue in this period in family life in print and also on the stage *Everywhere in Chains* James Casper,2013-11-15 This highly thought provoking sometimes amusing and always life affirming novel illustrates one family s experiences with America s criminal justice system As Penelope searches for the truth about her father she rattles the skeletons in her family s closet and shakes up the complacency of her community which has tried to sweep the past under the rug With both perception and compassion the author creates a colorful cast of characters while challenging the wisdom of imprisoning the mentally ill On the cusp of adulthood Penelope begins to understand that she has grown up in a web of silence The denial in her family and small Minnesota hometown is so thick that she does not know how to cut through it that is until she begins a seemingly innocuous pen pal correspondence with someone in another town Little by little Penelope unravels the secrets meant to protect her from the truth She proves herself to be stronger and wiser than anyone could have predicted and leads the way to healing Through the lives and interactions of the major characters this story explores the sprawling psychological geography of America s criminal justice system and its profound effect on everyone it touches even its most ardent proponents While dealing with a serious challenging subject this book is also filled with warmth and likeable characters The odyssey of Penelope concludes on a faith affirming note with a parade of surprising revelations [Report of the Proceedings and Addresses of the ...](#) National Catholic Educational Association,1927 *McClure's Magazine ...* ,1911 [Nuttall's Standard Dictionary of the English Language](#) P. Albert,2016-02-23 In 1857 the French poet Charles Baudelaire who was fascinated by lesbianism created a scandal with *Les Fleurs du Mal* The Flowers of Evil This collection was originally entitled *The Lesbians* and described women as femmes damn es with disordered souls suffering in a hypocritical world Then twenty years later lesbians in Paris dared to flaunt themselves in that extraordinarily creative period at the turn of the 19th and 20th centuries which became known as the Belle poque *Lesbian Decadence* now available in English for the first time provides a

new analysis and synthesis of the depiction of lesbianism as a social phenomenon and a symptom of social malaise as well as a fantasy in that most vibrant place and period in history In this newly translated work praised by leading critics as authoritative stunning and a marvel of elegance and erudition Nicole G Albert analyzes and synthesizes an engagingly rich sweep of historical representations of the lesbian mystique in art and literature Albert contrasts these visions to moralists abrupt condemnations of the lesbian vice as well as the newly emerging psychiatric establishment s medical fury and their obsession on cataloging and classifying symptoms of inversion or perversion in order to cure these unbalanced creatures of love Lesbian Decadence combines literary artistic and historical analysis of sources from the mainstream to the rare from scholarly studies to popular culture The English translation provides a core reference text for those interested in the Decadent movement in literary history in French history and social history It is well suited for courses in gender studies women s studies LGBT history and lesbianism in literature history and art
