Soul Recovery And Extraction:

Soul Recovery and Extraction AI Gvhdi Waya, Eileen Nauman, 2009-04-01 SOUL RECOVERY is about regaining the fragments of one's soul energy that have been trapped, lost or stolen either by another person or through a traumatic incident that has occurred in one's life. Taking back control of your life is at the heart of this shamanistic healing method. Here are a few signs of soul loss: DEPRESSION, MEMORY LOSS, ESPECIALLY FROM YOUR YOUTH, ADDICTIVE BEHAVIOR, CODEPENDENCE, OBESITY, INABILITY TO RELEASE A PERSON OR SITUATION BEING CONTROLLED OR MANIPULATED BY OTHERS, VICTIM'S MENTALITY. With soul recovery and Extraction, an ancient shamanic healing method, you can recover your pieces and once again be back in control of your life. *Soul Recovery and Extraction* AI Gvhdi Waya, 2015-12-01

Homeopathy for Epidemics Eileen Nauman, 2004 Homeopathy is a complementary form of medicine that has been practiced around the world since the 1700s. It heals on the basis of like cures like, calling upon our body's vital force to heal itself. In her new book, Eileen Nauman herself, a homeopathic practitioner with many years of experience, offers homeopathy as the answer to the question: What can we do in times of crises when modern medicine fails? *Homeopathy for Epidemics* explains what homeopathy is and how it works. Well-researched background information on modern epidemics and potential bioterrorism dangers tells us what we might be dealing with. A detailed materia medica describes which homeopathic remedy could be the one that might save our lives. A comprehensive section on posttraumatic stress disorder helps us figure out what we can do to heal after we've lived through an epidemic or terrorist crisis. And a detailed index lets us find answers to our questions quickly and easily. With its wealth of information, *Homeopathy for Epidemics* is a must-have in these times of crises when our lives might depend on making the right choice. **Stumbling Down the Shamanic Path** Michèle

Burdet, 2010-05-06 *Stumbling Down the Shamanic Path* relates how a spiritual skeptic became a questioner, a meditator who avoided gurus, an explorer of earth energies, and then met the teacher who discerned the shaman sleeping in the spirit of a middle-aged alpinist. That was only the beginning for pursuit of this new tack, offered a new set of hurdles. After years of bumpy roads, Michèle Burdet is today a practitioner of ancient shamanic arts such as soul retrieval and is teaching apprentices to carry on the torch of what she likes to call prehistoric psychotherapy. **Shamanic Journey** Dayanara Blue Stars, Shamanism is the oldest type of spiritual practice on the planet. It has been practiced for centuries by indigenous cultures all over the world. Anthropologists have studied the practice for years. The core value of shamanism is that all things are alive and embody the spirit. This practice is a path of direct revelation and grants all individuals access to healing and guidance from the spirit world. It's a way of carrying knowledge that we are not separate from each other but are all connected. To access the spirit realm, you must perform the shamanic journey, making use of rattling, singing, and drumming to alter brain patterns to reach a state of consciousness. This state allows the shaman to become the bridge that connects spirit with matter and unseen with seen. These invisible realms house our helping spirits, and they are typically in the form of guardians or

power animals and teachers in human form When you have an open communication with your helping spirits you can send valuable information to and receive from them to explore a timeless healing form This age old practice can cure trauma and transform environmental pollution This book will serve as a guide on your shamanic journey **Medical Astrology** Eileen Nauman,1996 Astrology nutrition health never before have these topics been so completely explained As an aid to individual health medical astrology has been a most popular phase of stellar science Eileen Naumann has integrated this topic with the most modern information on nutrition to provide a truly encyclopedic reference for those interested in their own health
