**Villanelles** Annie Finch, Marie-Elizabeth Mali, 2012-03-06 The first of its kind a comprehensive collection of the best of the villanelle a delightful poetic form whose popularity ranks only behind that of the sonnet and the haiku With its intricate rhyme scheme and dance like pattern of repeating lines its marriage of recurrence and surprise the villanelle is a form that has fascinated poets since its introduction almost two centuries ago Many well known poets in the past have tried their hands at the villanelle and the form is enjoying a revival among poets writing today The poems collected here range from the classic villanelles of the nineteenth century to such famous and memorable examples as Dylan Thomas's Do not go gentle into that good night Elizabeth Bishop's One Art and Sylvia Plath's Mad Girl's Love Song Here too are the cutting edge works of contemporary poets including Sherman Alexie Lorna Dee Cervantes Rita Dove Seamus Heaney Paul Muldoon and many others whose poems demonstrate the dazzling variety that can be found within the parameters of a single strict form

**WineSpeak** Bernard Klem, 2009-07-01 If you read wine reviews you're already either amused or confused by the soaring language wine writers often use to describe what they're smelling and tasting But do you always know what they mean Have you ever sipped a complex white and sensed what's so colorfully described as a peacock's tail Have you ever savored a full bodied red only to detect the ripe acrid smell of a horse stall If not you're in for a treat because these terms and thousands more are all here to amuse dismay enlighten inspire puzzle and utterly shock you Welcome to the rich linguistic universe of wine speak a world where words and wine intersect in an uncontrolled riot of language guaranteed to keep you entertained for hours The author a lifelong lover of both wine and words has compiled and organized this unique thesaurus of 36 975 wine tasting descriptors into 20 special collections extracted from 27 categories so you can locate exactly the right term or phrase to express yourself clearly or to understand others May your path across the galaxy of wine be paved only with labels from the very best bottles on earth Or much more cautiously with wines that could introduce you to angel pee citronella eastern European fruit soup Godzilla iodine ladies underwear mustard gas old running shoes rawhide hot tar roads bubblegum sweaty saddles crushed ants kitchen drains or even turpentine [Thoreauvian Modernities](#) François Specq, Laura Dassow Walls, Michel Granger, 2013-02-01 Does Thoreau belong to the past or to the future Instead of

canonizing him as a celebrant of pure nature apart from the corruption of civilization the essays in [Thoreauvian Modernities](#) reveal edgier facets of his work how Thoreau is able to unsettle as well as inspire and how he is able to focus on both the timeless and the timely Contributors from the United States and Europe explore Thoreau's modernity and give a much needed reassessment of his work in a global context The first of three sections Thoreau and Non Modernity views Thoreau as a social thinker who set himself against the modern currents of his day even while contributing to the emergence of a new era By questioning the place of humans in the social economic natural and metaphysical order he ushered in a rethinking of humanity's role in the natural world that nurtured the environmental movement The second section Thoreau and Philosophy

examines Thoreau's writings in light of the philosophy of his time as well as current philosophical debates Section three Thoreau Language and the Wild centers on his relationship to wild nature in its philosophical scientific linguistic and literary dimensions Together these sixteen essays reveal Thoreau's relevance to a number of fields including science philosophy aesthetics environmental ethics political science and animal studies Thoreauvian Modernities posits that it is the germinating power of Thoreau's thought the challenge it poses to our own thinking and its capacity to address pressing issues in a new way that defines his enduring relevance and his modernity Contributors Kristen Case Randall Conrad David Dowling Michel Granger Michel Imbert Michael Jonik Christian Maul Bruno Monfort Henrik Otterberg Tom Pughe David M Robinson William Rossi Dieter Schulz François Specq Joseph Urbas Laura Dassow Walls **The Journeyman Barber**, 1929 The Art of Changing the Brain James E.
