## **Soul Search:**

**The Soul Search** Kat Knecht, Curtis Knecht, 2016-10-27 Thousands of self help books and transformational training programs have been created to help you find fulfillment live a better life and become prosperous The unique promise of the Soulsearch is to integrate the common threads of New Thought philosophies and Ancient Wisdom traditions so that you can apply those spiritual principles to your everyday life the Soulsearch is full of stories that reveal both the journey and the results that come from using a practical tool guided by a spiritual philosophy There is a step by step process you can follow as well as a simple concept that once learned will change your life forever The stories are funny inspirational dramatic and rich with learning They are the real life experiences of humans doing their best in a world that offers both challenges and opportunities to give and receive love in its many forms

**Soul Searching** Dr. Barbara Yeager, 2005-08-12 A quick read that leads to a long look at our human nature this little question raiser starts us in the direction of discovering more about ourselves and our fellow travelers on the planet earth Often we are swept along in the swamps of 21st century existence and before we know it we lose our focus our identity and sometimes even our personal spirit Periodically on this life journey we need to stop in our tracks clear our vision look again at our purpose renew our determination and head for the sweet springs of babbling happiness Soul Searching can lead us there

Soul Searching Christian Smith, Melina Lundquist Denton, 2009-04-13 Here is the definitive story of the religious and spiritual lives of contemporary American teenagers revealing that religion is indeed a significant factor in their lives This authoritative book reports the findings of the largest and most detailed such study ever undertaken a study based on a nationwide telephone survey of teens and their parents as well as in depth face to face interviews with more than 250 of the survey respondents Winner of a Christianity Today Book Award this is a landmark account of the spiritual lives of American teenagers

**Soul Searching : The Religious and Spiritual Lives of American Teenagers** Christian Smith Dr William R Kenan Jr Professor of Sociology University of Notre Dame, Candidate University of North Carolina Melina Lundquist Denton Ph.D, Chapel Hill USA, 2005-01-25 In innumerable discussions and activities dedicated to better understanding and helping teenagers one aspect of teenage life is curiously overlooked Very few such efforts pay serious attention to the role of religion and spirituality in the lives of American adolescents But many teenagers are very involved in religion Surveys reveal that 35% attend religious services weekly and another 15% attend at least monthly 60% say that religious faith is important in their lives 40% report that they pray daily 25% say that they have been born again Teenagers feel good about the congregations they belong to Some say that faith provides them with guidance and resources for knowing how to live well What is going on in the religious and spiritual lives of American teenagers What do they actually believe What religious practices do they engage in Do they expect to remain loyal to the faith of their parents Or are they abandoning traditional religious institutions in search of a new more authentic spirituality This book attempts to answer these and related questions as definitively as possible It reports the findings of The

National Study of Youth and Religion the largest and most detailed such study ever undertaken The NYSR conducted a nationwide telephone survey of teens and significant caregivers as well as nearly 300 in depth face to face interviews with a sample of the population that was surveyed The results show that religion and spirituality are indeed very significant in the lives of many American teenagers Among many other discoveries they find that teenagers are far more influenced by the religious beliefs and practices of their parents and caregivers than commonly thought They refute the conventional wisdom that teens are spiritual but not religious And they confirm that greater religiosity is significantly associated with more positive adolescent life outcomes This eagerly awaited volume not only provides an unprecedented understanding of adolescent religion and spirituality but because teenagers serve as bellwethers for possible future trends it affords an important and distinctive window through which to observe and assess the current state and future direction of American religion as a whole
