early church worship its gradual decline and its reemergence in the practices of several Pietist groups e g the Moravians Methodists and Brethren Particular focus is given to five elements of the celebration that is eucharistic preparation feetwashing the fellowship meal the holy kiss and the Eucharist proper In Part II Stutzman argues that the Love Feast is a valuable Christian practice and a celebration worth recovering in those traditions that may have forgotten the feast Rather than prescribing a specific method for celebrating the Love Feast Stutzman proposes that there are five key disciplines that today s Love Feasts should embody submission love confession reconciliation and thanksgiving This book encourages Christians from a range of traditions to experiment with reclaiming the Love Feast with the hope that each celebration serves as an act of worship to God and an authentic expression of Christian discipleship
