Empire at the Margins Pamela Kyle Crossley,Helen F. Siu,Donald S. Sutton,2006-01-19 Focusing on the Ming 1368 1644 and especially the Qing 1364 1912 eras this book analyzes crucial moments in the formation of cultural regional and religious identities The contributors examine the role of the state in a variety of environments on China s peripheries paying attention to shifts in law trade social stratification and cultural dialogue They find that local communities were critical participants in the shaping of their own identities and consciousness as well as the character and behavior of the state At certain times the state was institutionally definitive but it could also be symbolic and contingent They demonstrate how the imperial discourse is many faceted rather than a monolithic agent of cultural assimilation
