The Broken Star:

The Broken Star K. M. Barnes,2000-08-26 A dittybag was once described to me as a small bag in which WWII sailors used to carry their toilet articles They also contained a collection of attitudes values memories and behavior which they brought home with them Likewise the Vietnam Veteran brought home his dittybag This one was too often filled with pain too hard to face PTSD or Post Traumatic Stress Disorder was not recognized at that time But it has had disastrous effects on those vets as well as their wives and children The Vietnam War was much different than past wars A big wall of pain exists for many who have no idea how to get through it They have no understanding of why they are feeling or not feeling what they are Although I no longer wish on stars I do believe in the power of God If my story can touch just one life I will feel what I have been through will have a meaning
