UFO's: The Great Last Days Deception Billy Crone,2018-03-16 Mention the topic of UFO s and Aliens and not only have most people already formed their opinions about them but virtually everyone on the planet now believes in them More people believe in Aliens than in the existence of God and more people believe that Aliens have visited planet earth than that Jesus is the Son of God Ufology has become a new religion for 21st century where people now believe that Aliens will save them not God The problem is hardly anyone recognizes the true identity of UFO s let alone how they are being used to usher in one of the darkest most deceptive times in the history of mankind Therefore this book UFO s The Great Last Days Deception seeks to equip you with the truth concerning so called extraterrestrial visitors and their hidden demonic agenda One of the biggest lies in the history of mankind is about to be foisted upon the whole world The Rapture of

the Church is going to happen but it won't be from a liftoff in UFOs like we are being told Don't fall for the lie **The UFO Verdict** Robert Sheaffer, 1986 Analyzes the factual case for UFOs by examining several well-known UFO sightings and asking whether they are really extraterrestrial visitors or fantasy and draws historical parallels between modern UFO sightings and the claims of those who saw fairies and witches in colonial times The Psychology and Science of Pseudoscience Terence Hines, 2025-03-18 Excellent up-to-date book about pseudoscience and science denial with an in-depth look at how human psychology promotes these problems An engaging and comprehensive critical review of a wide range of pseudoscientific topics which explores the underlying psychological factors behind paranormal and related beliefs **UFOs and Abductions** David Michael Jacobs, 2000 Examining the nature of UFO evidence the authors present a primer for scholars skeptics and others uneasy about investigating the field of UFOs The volume also brings together three bestselling authors David M Jacobs Budd Hopkins and Pulitzer Prize winner John Mack widely known for their writings on the controversial alien abduction phenomenon The UFO Files David Clarke, 2013-03-30 What does all this stuff about flying saucers amount to What can it mean What is the truth Winston Churchill prime minister's personal minute 28th July 1952 The UFO Files tells the story of over 100 years of UFO sightings drawing on formerly secret government documents at the National Archives in London Alongside extraordinary reports by ordinary people it reveals details of official interest and investigations stretching back more than 80 years In this remarkable book fully updated for this second edition David Clarke reveals an array of startling stories from possible UFO reports hidden among Met Office investigations of aerial phenomena in the 1920s to the conclusions of Project Condign the secret British Intelligence UFO study completed in 2000 As well as covering Roswell and Britain's own Rendlesham Forest mystery Clarke raids the records for dramatic stories of abductions and close encounters ghost aircraft and crop circles and UFO reports by both civilian aircrew and military personnel Dramatic witness statements and interviews combine with rarely seen photographs drawings and newly available documents to offer a unique guide to one of our most intriguing mysteries **na**, Angels, Demons, and UFOs P. C. Scherer, PhD, 2026-01-26 What if everything you've been told about UFOs and aliens is a lie Are these mysterious visitors really travelers from distant worlds or is there a far more ancient and biblical explanation In Angels Demons and UFOs theologian P C Scherer PhD challenges conventional narratives and explores the possibility that what many call aliens are in fact spiritual beings angels and demons operating in the physical realm Drawing from Scripture the Apocrypha and historical records Scherer unpacks the UFO phenomenon through a biblical lens revealing unsettling parallels between ancient accounts of heavenly messengers and modern day encounters This book dives into the origins of UFO lore the claims of ancient astronaut theory and the implications of the Drake equation questioning whether intelligent life beyond earth is truly scientific or something more deceptive It also examines hoaxes military developments and government disclosures peeling back the layers of misinformation to uncover a startling possibility these so-called extraterrestrial visitors may not be from other planets but rather spiritual entities with an

agenda that stretches back to the dawn of time Engaging and thought provoking Angels Demons and UFOs invites readers to reconsider what they think they know about the unknown Are we on the verge of first contact or have these entities been here all along The answers may change the way you see the world and the battle between good and evil *UFOs and Related Subjects* Lynn E. Catoe,1978 **UFOs** Roy Craig,1995 A former field investigator for the Condon Project the University of Colorado s scientific study of UFOs relates details of individual cases of reported UFO sightings and offers a historical overview of the UFO phenomenon *UFO's--a Scientific Debate* Thornton Page,Carl Sagan,1996 *Final Report of the Scientific Study of Unidentified Flying Objects* University of Colorado (Boulder campus),Edward Uhler Condon,1969
