**President Donald Trump and His Political Discourse** Michele Lockhart, 2018-10-26 President Donald Trump and His Political Discourse brings together a diverse collection of perspectives on President Trump's Twitter rhetoric. Truly unique in its in-depth exploration, the volume demonstrates the ways in which international and U.S. relations, media, and fake news and marginalized groups among other things have been the subject of President Trump's tweets. It also features qualitative and quantitative analyses evaluating tweet patterns, broader language shifts, and the psychology of President Trump's Twitter voice. The purpose of this collection is not only to analyze the language used but also to consider the ramifications of the various messages on both individual and global levels for which Trump is both celebrated and criticized. Interdisciplinary in approach, this collection is a useful resource for students in political rhetoric and communication, international relations, linguistics, journalism, leadership studies, and more.

**Trump is F\*cking Crazy** Keith Olbermann, 2017-10-17 Witty, acerbic, hard-hitting, and timely Keith Olbermann's Donald Trump commentaries come adapted from his hit GQ series *The Resistance*. Since Donald Trump's presidential nomination, Keith Olbermann has emerged as one of the web's most popular anti-Trump screedists. Each installment of his GQ web series *The Resistance* receives nearly four million views, and his fiercely progressive monologues have garnered a new generation of fans and followers. In *TRUMP IS F\*CKING CRAZY*, Olbermann takes our Commander in Chief and his politics apart with journalistic acuity and his classic in-your-face humor. With more than 50 individual essays adapted from his GQ commentaries, including new ones up to the minute, *TRUMP IS F\*CKING CRAZY* is essential reading for concerned citizens who, like Olbermann, refuse to normalize or accept our new political reality.

**Donald Trump, Tiger Woods, Bernie Madoff, and Dick Cheney: the Anatomy of Evil** John Doe PhD, 2019-02-28 On September 5th, 2018, the New York Times published an anonymous editorial. Many Trump appointees have vowed to do what we can to preserve our democratic institutions while thwarting Mr. Trump's more misguided impulses until he is out of office. The root of the problem is the president's amorality. Trump's behavior is dangerously unpredictable. He is the epitome of the Anomic Personality, whose major trait is unlimited striving. He shares in the symptom clusters of The Dark Tetrad: Aggressive Narcissism, Machiavellianism, Psychopathy, and Sadism. His behavior and his own quotes convince us of the dangers of his continuance in office. Like other oligarchs, he seeks sex, money, and power. Faced with charges by the Mueller and five other investigations, he lashed out by creating an emergency, a 35-day government shutdown. How Trump won and why his base voted for him is explained in terms of U.S. history, national character, social class differences, child-rearing inequality, and blind attachment, which may be in our DNA due to early Cro-Magnon parental hypervigilance for fear of predators. The United Nations IPCC Report tells us that we have only twelve more years in which to reverse global warming. After that time, it will be irreversible. Can we let a president who doesn't believe in climate change use up another six years, or one-half of our chance of survival time?

**Hellrazed?** Kevin Miller, 2017-11-15 In September 2012, the feature-length documentary

Hellbound was released in theaters across North America joining a growing chorus of voices that were questioning the traditional view of hell as a place of eternal conscious torment the film asked a handful of burning questions Does hell exist If so who goes there and why More importantly what do our views about hell say about us and our understanding of God And how do our beliefs about these issues affect the kind of world we create the kind of people we become Five years later the debate over hell is far from settled but the landscape in which such questions are being asked has changed radically Hence filmmaker Kevin Miller decided it was time to go back to some of the people who appear in Hellbound and others he met along the way to get their input on how the debate has shifted and how it s remained the same The result is a plethora of voices offering all sorts of perspectives some highly academic some polemic some intensely personal and all bound to impact how readers think and feel about this issue
