## What Wells Up:

**Thinking, Childhood, and Time** Walter Omar Kohan, Barbara Weber, 2020-10-06 *Thinking Childhood and Time: Contemporary Perspectives on the Politics of Education* is an interdisciplinary exploration of the notion of childhood and its place in a philosophical education. Contributors consider children's experiences of time, space, embodiment, and thinking. By acknowledging Hannah Arendt's notion that every child brings a new beginning into the world, they address the question of how educators can be more responsive to the Otherness that childhood offers while assuming that most educational models follow either a chronological model of child development or view children as human beings that are lacking. The contributors explore childhood as a philosophical concept in children, adults, and even beyond human beings. Childhood as a forgotten dimension of the world. Contributors also argue that a pedagogy that does not aim for an exodus of childhood but rather responds to the arrival of a new human being responsibly dialogically fosters a deeper appreciation of the newness that children bring in order to sensitize us for our own Childhood as adults as well and allow us to welcome other forms of childhood in the world. As a whole, this book argues that the experience of natality, such as the beginning of life, is not chronologically determined but rather can occur more than once in a human life and beyond. Scholars of philosophy, education, psychology, and childhood studies will find this book particularly useful.

[The Up-To-Date Toy Dog: History, Points and Standards, with Notes on Breeding and Showing](#) (a Vintage Dog Books Breed Classic) Lillian C. Raymond-Mallock, 2013-01-18. Originally privately published by the author in 1924 as *The Up to Date Pekingese and All Other Toy Dogs*, followed by a later revised and updated issue, this extremely scarce book on Toy Dogs is both expensive and hard to find in any edition. VINTAGE DOG BOOKS have republished the revised edition using the original text and photographs as part of their CLASSIC BREED BOOKS SERIES. The author was a much respected breeder and show winner with her Ashton More Pekingese kennels, producing numerous Champions. Her book contains two hundred and ninety pages covering all aspects of the Toy Dog. Many detailed chapters cover the History, Points and Standards of the following breeds: Griffon, Bruxellois, Italian Greyhounds, Japanese, Maltese, Pekingese, Pugs, Pomeranians, Schipperkes, Toy Spaniels, Toy Terriers, Yorkshire Terriers. Other Comprehensive Chapters discuss Breeding, Exhibiting, Feeding, Rearing, Nursing, Grooming, Whelping, Diseases, and Treatment, Breeders Directory, Pekingese Names, Etc. The contents are lavishly illustrated with numerous vintage photographs of famous Toy Dogs from all the breeds, and also includes advertisements for many early top breeders and their kennels. This is a fascinating read for any Toy Dog enthusiast or historian of the breeds, but also contains much information that is still useful and practical today. Many of the earliest dog breed books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. VINTAGE DOG BOOKS are republishing these classic works in affordable, high-quality modern editions using the original text and artwork.
