What Women Need to Know Elizabeth Adedayo,2022-06-13 Put yourself first By putting yourself first and not ignoring your needs you can better help others and your family Love yourself first In order to get stronger and be able to love your family and friends you must first love yourself Find peace within yourself to love and accept who you are Teach people how to respect and treat you Women often overlook this but you can teach people how to respect you by your own actions and attitudes toward yourself Understand your worth and value It is important to be confident in your love for yourself as you are worthy and fabulous Be your authentic self and don t worry what others think of you Prioritize your professional development If you are a woman who constantly strives for greatness

make sure to invest in your professional development No matter where you might be in your career there is always room for improvement Treat career development as part of your daily life Learning growing and expanding your skills everyday can build your confidence Make sure you are financially independent If you want to have control over your life and your rights your financial independence is vital This will also help you leave abusive or violent relationships As a woman financial independence will give you confidence and credibility to participate in family matters The moment you begin earning for yourself you are in control of your life When you let your husband completely pay for you you are giving up your power and control Having a husband in life is not needed but wanted As women we have to always remember to never need someone to the point where we cannot live without them Again financial independence is important here I am not saying you should not love your husband Just make sure he knows that you are independent confident and perfectly capable of living and taking care of yourself without his support Once he knows that he will make sure to treat you right respect you and be a loving and supportive partner in everything you do

Love is a choice that creates feelings not feelings that makes you choose Dc This book is created from an account of how I experienced a time in my life Were a woman knowing how to get along with a man It is not normal today for relationships to just work out without working it out Most women are told even before their teenager to enjoy their singlehood focus on their career spend money travel and enjoy hanging out with their friends before getting serious with a man Many women are told not to focus on a man just their 5 year plan This book is for the woman who choose to find her way back to her true femininity and self love thru her expression of self This type of journey is with the interaction with others showing yourself separate from a man As men and women we have an innate fundamental desire for connecting with one another by design My experience has awarded me the privilege to share with a woman in her natural state as she brought me to mine I experienced a proud woman embracing her femininity her softness and kind nature Always expressing her feminine energy thru her words touch and environment She didn t find her feminine nature in things but in her enter self When she expressed I made her feel safe and secure She respected and accepted me I made her comfortable and feel cherished She was loyal and presented herself with kindness and grace among the public Which made me want to carry myself to be responsible in my actions so she would have the emotional security she needed And she regularly expressed acts of service to show her appreciation and need for me While all the time never exchanging hurtful words or injuring one another s feeling I would naturally give to her and give to her This is when I knew a woman can get what she wants from a man Darrell Canty stands out with this surprising content with informative and impressionable information This dynamic content provides the emotional and intellectual influence to engage this target audience As an

author he feels compelled to share this information with others Many if not most people in their entire life will never experience one day of what he had for the most of nine years Darrell Canty says he will be forever grateful and honored for the rest of his life The author can only hope to help one person find a true connection as he did The time we spend here on earth means very little without an experience such as this Once you have experienced this type of experience it will become a lifelong yearning He can only imagine it to be like a drug attic experience that first high and forever chasing that high time and time again The author believes because of this experience he has become an author given a voice with something to say I say thank you If a woman is giving a man everything but respect she has given him nothing at all Dc
