idea was those taking part in celebrating his existence were free from care and worry That was because they drank freely of the fruit of the grape during their Bacchanals A Greek friend told me that according to Greek legend Dionysius was supposed to have come to India and Alexander the great during his conquest entered an Eastern city called Nysa of which the inhabitants told him of its raising by this demi God He taught them practices which were incorporated in their own social rituals and festivals Ah well that is a good myth but then wine was definitely not unknown in the East It was one of the first gourmet pleasures discovered and appreciated for millenniums So if this demigod came to the Indian subcontinent he would have been fed Madira or Soma Rasa the ancient and traditional drink of the gods The names Dennis Denise and Dion are derivatives from this original Greek name So for all of us who would like to raise a toast to the gods in a glass of homemade wine this book is going to teach you how you can grow vines very successfully in sunny atmospheres After that it is going to teach you how to make wines for home consumption If you look at wine making practices which are being practiced today it is a very scary and complicated process This is because of our usage of complex and complicated tools The practices I am going to teach you have been in use for centuries You are not going to be buying expensive tools You are going to be making wine the traditional way
