Why the U.S. Men Will Never Win the World Cup Beau Dure, 2019-11-15 October 10 2017 The U S men s soccer team loses in Trinidad and Tobago and fails to qualify for the 2018 World Cup Winning soccer s greatest prize never seemed more distant Immediate fixes a new coach a revamped professional league a commitment to coaching education won t put the USA in the global elite The nation is too fractious too litigious too wrapped up in other sports and too late to the game In *Why the U S Men Will Never Win the World Cup A Historical and Cultural Reality Check* Beau Dure shows what American soccer is really up against Using hundreds of sources to trace more than 100 years of history Dure delves into the culture that only recently lost its disdain for the global game and still doesn t have the depth of soccer insight and passion that much of the world has had for generations The difficulty isn t any single thing the mismanagement of failed leagues the inability to agree on a path forward the lawsuits that stem from an inability to agree or the unique American culture that treasures its homegrown sports It s everything And yet *Why the U S Men Will Never Win the World Cup* is ultimately optimistic Dure argues that with the right long term changes the U S can build a soccer environment that consistently produces quality players strong results and a lot more fun on the international stage Soccer fans and skeptics alike will find this a fascinating examination of America s past present and future in the beautiful game **Olde Penn** ,1923 Official Athletic Almanac of the American Expeditionary Forces, 1919 United States.
