Winter Journey:

Retracing a Winter's Journey Susan Youens, 2013-01-15 I like these songs better than all the rest and someday you will too Franz Schubert told the friends who were the first to hear his song cycle Winterreise These lieder have always found admiring audiences but the poetry he chose to set them to has been widely regarded as weak and trivial Susan Youens looks not only at Schubert's music but at the poetry drawn from the works of Wilhelm Müller who once wrote in his diary perhaps there is a kindred spirit somewhere who will hear the tunes behind the words and give them back to me Youens maintains that Müller in depicting the wanderings of the alienated lover produced poetry that was simple but not simple minded poetry that embraced simplicity as part of its meaning In her view Müller used the ruder folk forms to give his verse greater immediacy to convey more powerfully the wanderer's complex inner state Youens addresses many different aspects of Winterreise the cultural milieu to which it belonged the genesis of both the poetry and the music Schubert's transformation of poetic cycle into music the philosophical dimension of the work and its musical structure

Death Valley: A Winter's Journey Jackie Keller, 2016-04-18 The many days and years of her life had been busy challenging and rewarding and sometimes overwhelmingly difficult And over the years she began to dream the dream as many do that she could just once run away and escape from it all She dreamed of Death Valley National Park of a winter's journey which promised her beauty calm and a quieted mind So when her life stress hit the tipping point Jackie Keller left the university packed her car and moved to the desert where she found everything she had dreamed of plus blessings and adventures she had never envisioned Through this true life story the reader can see the stunning beauty of this glorious national park explore its history and share the rhythm of day to day life in the small community of Furnace Creek Walk with her through a season of exploration laughter and renewal For anyone who wants to rediscover his her true self or perhaps find it for the first time you are invited to join this middle aged professor who quit her job and went to live and work in a vast and imposing desert It was a winter spent watching learning questioning and discovering things she would never have found without her self imposed exile a beautiful true life story which Dr Keller masterfully and artfully describes Shelley Stokes Ph D

Schubert's Winter Journey Ian Bostridge, 2015-01-27 An exploration of the world's most famous and challenging song cycle Schubert's Winter Journey Winterreise by a leading interpreter of the work who teases out the themes literary historical psychological that weave through the twenty four songs that make up this legendary masterpiece Completed in the last months of the young Schubert's life Winterreise has come to be considered the single greatest piece of music in the history of Lieder Deceptively laconic these twenty four short poems set to music for voice and piano are

performed uninterrupted in little more than an hour it nonetheless has an emotional depth and power that no music of its kind has ever equaled A young man rejected by his beloved leaves the house where he has been living and walks out into snow and darkness As he wanders away from the village and into the empty countryside he experiences a cascade of emotions loss grief anger and acute loneliness shot through with only fleeting moments of hope until the landscape he inhabits becomes one of alienation and despair Originally intended to be sung to an intimate gathering performances of Winterreise now pack the greatest concert halls around the world Drawing equally on his vast experience performing this work he has sung it more than one hundred times on his musical knowledge and on his training as a scholar Bostridge teases out the enigmas and subtle meanings of each of the twenty four lyrics to explore for us the world Schubert inhabited his biography and psychological makeup the historical and political pressures within which he became one of the world s greatest composers and the continuing resonances and affinities that our ears still detect today making Schubert s wanderer our mirror
