## Winter Moon:

Winter Moon Rises Scott Blum, 2011-11-01 The third installment in Scott Blum's best-selling series of enchanting novels *Winter Moon Rises* continues where the semiautobiographical *Waiting for Autumn* left off. This book follows Scott and his soul mate Madisyn as they prepare for their most profound adventure together: the journey of bringing their first child into this world. Discovering that the miracle of birth is not limited by the physical world, Scott and Madisyn embark on an insight-filled spiritual awakening where they discover how their entire history has ultimately laid the foundation for their expected child's future. Exploring ancient rituals, unseen worlds, and ancestral healing, the couple soon discovers how we all remain connected to the magical world of unborn children long after we become adults. Much more than a traditional story about expecting parents, this metaphysical page-turner plunges to the deepest emotional and spiritual depths that contain the hidden secrets of how our souls work with one another. This heartwarming adventure captures the imagination and reveals what it truly means to be a spiritual being having the ultimate human experience.
