

THE WINTHROP COVENANT

Louis Auchincloss

Winthrop Covenant

John Edmands

Winthrop Covenant:

The Winthrop Covenant Louis Auchincloss, 1976-03-25 Spanning three centuries these nine stories share the conflicts of a wealthy New England family while portraying the rise and fall of the Puritan ethic The Winthrop Heritage begins in the stern confines of the Massachusetts Bay Colony Governor John Winthrop's covenant with God versus Anne Hutchinson's compulsion to martyrdom The burden of conscience falls in varying ways to the Governor's descendants To his grandson a judge in the Salem witch trials it means dying in torment To Rebecca Bayard wife of a Hudson Valley patroon it becomes an obsessive sense of duty leading to ironic consequences It persuades an American diplomat negotiating in Paris with the canny Talleyrand to reject the easy gain of private power On the eve of the Civil War Winthrop Ward pillar of rectitude in New York society finds himself playing God at the price of his own humanity At the century's turn there is Adam Winthrop wealthy clubman and cultural arbiter and his protégé Ada Guest the passionate bluestocking novelist who opts to escape his stifling patronage In a New England boarding school in the 1920s the headmaster's bedeviled Winthrop soul becomes a strange challenge to the chaplain On the current scene young and fashionable Natica Seligmann yearns for salvation from an empty life And finally there is John Winthrop Gardiner staunch State Department hawk whose son is an Army deserter and whose alcoholic ex-wife perceives only too clearly the latter-day perversions of the Puritan spirit A compassionate searching and wholly arresting view of a moral strain that for better or worse has marked our national character The Winthrop Covenant is one of Louis Auchincloss's highest fictional achievements

The Winthrop Covenant Louis Auchincloss, 1976
Narratives of the Religious Self in Early-Modern Scotland David George Mullan, 2016-04-22 Drawing on a rich yet untapped source of Scottish autobiographical writing this book provides a fascinating insight into the nature and extent of early modern religious narratives Over 80 such personal documents including diaries and autobiographies manuscript and published clerical and lay feminine and masculine are examined and placed both within the context of seventeenth century Scotland and also early modern narratives produced elsewhere In addition to the focus on narrative the study also revolves around the notion of conversion which while a concept known in many times and places is not universal in its meaning but must be understood within the peculiarities of a specific context and the needs of writers located in a specific tradition here Puritanism and evangelical Presbyterianism These conversions and the narratives which provide a means of articulation draw deeply from the Bible including the Psalms and the Song of Solomon The context must also include an appreciation of the political history especially during the religious persecutions under Charles II and James VII and later the changing and unstable conditions experienced after the arrival of William and Mary on her father's throne Another crucial context in shaping these narratives was the form of religious discourse manifested in sermons and other works of divinity and the work seeks to investigate relations between ministers and their listeners Through careful analysis of these narratives viewing them both as individual documents and as part of a wider genre a fuller picture of seventeenth century life can be drawn especially

in the context of the family and personal development Thus the book may be of interest to students in a variety of areas of study including literary historical and theological contexts It provides for a greater understanding of the motivations behind such personal expressions of early modern religious faith whose echoes can still be heard today **The Articles of Faith and Covenant of the Winthrop Church, Charlestown; With a List of Members** Anonymous,2015-09-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant [The Articles of Faith and Covenant of the Winthrop Church, Charlestown: with a List of Members](#) Winthrop Church (Charlestown, Boston, Mass.),1834 [The Founding Fathers and the Place of Religion in America](#) Frank Lambert,2010-07-28 How did the United States founded as colonies with explicitly religious aspirations come to be the first modern state whose commitment to the separation of church and state was reflected in its constitution Frank Lambert explains why this happened offering in the process a synthesis of American history from the first British arrivals through Thomas Jefferson s controversial presidency Lambert recognizes that two sets of spiritual fathers defined the place of religion in early America what Lambert calls the Planting Fathers who brought Old World ideas and dreams of building a City upon a Hill and the Founding Fathers who determined the constitutional arrangement of religion in the new republic While the former proselytized the one true faith the latter emphasized religious freedom over religious purity Lambert locates this shift in the mid eighteenth century In the wake of evangelical revival immigration by new dissenters and population expansion there emerged a marketplace of religion characterized by sectarian competition pluralism and widened choice During the American Revolution dissenters found sympathetic lawmakers who favored separating church and state and the free marketplace of religion gained legal status as the Founders began the daunting task of uniting thirteen disparate colonies To avoid discord in an increasingly pluralistic and contentious society the Founders left the religious arena free of government intervention save for the guarantee of free exercise for all Religious people and groups were also free to seek political influence ensuring that religion s place in America would always be a contested one but never a state regulated one An engaging and highly readable account of early American history this book shows how religious freedom came to be recognized not merely as toleration of dissent but as a

natural right to be enjoyed by all Americans **Divinings: Religion at Harvard** Rodney L. Petersen, 2014-09-17 Harvard has often been referred to as godless Harvard This is far from the truth Fact is that Harvard is and always has been concerned about religion This volume addresses the reasons for this The story of religion at Harvard in many ways is the story of religion in the United States This edition will clarify this relationship Furthermore the question of religion is central not only to the religious history of Harvard but to its very corporate structure and institutional evolution The volume is divided into three parts and deals with the Formation of Harvard College in 1636 and Evolution of a Republic of Letters in Cambridge First Light Chapters 1 5 Religion in the University the Foundations of a Learned Ministry and the Development of the Divinity School The Augustan Age Chapters 6 9 and the Contours of Religion and Commitment in an Age of Upheaval and Globalization Calm Rising Through Change and Through Storm Chapters 10 12 The story of the central role played by religion in the development of Harvard is a neglected factor in Harvard's history only touched upon in a most cursory fashion by previous publications For the first time George H Williamstells that story as embedded in American culture and subject to intense and continuing academic study throughout the history of the University to this day Replete with extensive footnotes this edition will be a treasure to future historians persons interested in religious history and in the development of theology at first clearly Reformed and Protestant later ecumenical and interfaith **The Creeds and Platforms of**

Congregationalism Williston Walker, 1893 Christianity and Freedom: Volume 1, Historical Perspectives Timothy Samuel Shah, Allen D. Hertzke, 2016-04-26 In Volume 1 of Christianity and Freedom leading historians uncover the unappreciated role of Christianity in the development of basic human rights and freedoms from antiquity through today These include radical notions of dignity and equality religious freedom liberty of conscience limited government consent of the governed economic liberty autonomous civil society and church state separation as well as more recent advances in democracy human rights and human development Acknowledging that the record is mixed scholars document how the seeds of freedom in Christianity antedate and ultimately undermine later Christian justifications and practices of persecution Drawing from history political science and sociology this volume will become a standard reference work for historians political scientists theologians students journalists business leaders opinion shapers and policymakers **The American Decisions**, 1886

Sympathetic Puritans Abram Van Engen, 2015-02-25 Sympathetic Puritans places sympathy at the heart of Puritanism and challenges the literary history of sentimentalism It argues that a Calvinist theology of fellow feeling shaped the politics religion rhetoric and literature of seventeenth century New England influencing the development of American culture

Moody's Manual of Railroads and Corporation Securities, 1918 **The Commemoration of the Two Hundred and Fiftieth Anniversary of the First Church, Charlestown, Mass. November 12, 1882** First Church (Charlestown, Boston, Mass.), 1882 Moody's Manual of Industrial and Miscellaneous Securities, 1922 **The Articles of Faith and Covenant of the Winthrop Church**, 1866 Moodys Manual of Railroads and Corporation Securities. Government, State and

Municipal Supplement ,1918 *Congregational Creeds and Covenants* William Eleazar Barton,1917 *The Evolution of
Congregationalism* John Edmands,1916 **The Quakers in the American Colonies** Rufus Matthew Jones,Isaac
Sharpless,Amelia Mott Gummere,1911 *Builders of American Institutions: Readings in United States History* ,1968
