**Are the Ceo's of Life** Eugene Quinn, 2009-08 So many books are coming out today about different ways of running companies Several of these books envision some historical figure as the CEO Lincoln Attila the Hun Jesus and others Only one person is CEO to everyone and that is our mother Everyone is molded by the teaching of their mother and taught the same things that they later apply to their business career I had the pleasure of interviewing many successful people for the book Don Kirshner Ken Anderson and Jeff Webb just to name a few and found that they all had a lot in common first they have a passion for what they do have a purpose to succeed moved ahead with total determination but first and foremost they owe their success to the role their mother played in shaping their respective lives Each chapter of the book is a lesson my mother taught me while I was growing up They are the same ones all children hear from their own mother The first part of each chapter tells the story of how I learned one of my own mother s lessons Most people who read them will see themselves since all children go through many of the same trials and tribulations The second part of each chapter relates to a specific individual who used their mother s lessons to be successful in their chosen field Some are funny some are sad but all are about life and all true Having interviewed each of these people for the book I wish I could show the raw emotion on each person s face while relating what their mother meant to their individual success I hope everyone takes away from this book that success is not easy but everyone receives the seeds for their success from their mother      **Style Yourself with Confidence** Ellen Joubert, 2018-04-16 The purpose of this book is to make it easy for every woman to understand the art of being well dressed and to have a practical application on how to emphasize her good features and hide or minimize the less attractive ones Gaining knowledge on the correct way to dress will make so much more sense when buying clothes and styling yourself every day Well dressed women stand out from the crowd and attract good attention They have loads of confidence and the term confident in her own skin comes to mind Good style does not come naturally to most of us We are not born with good style genes There are a lot of factors involved in our dress style and one of them is education Once you have the understanding of how clothing styles and color work youll be enlightened for the rest of your life Youll even be a role model for your children and grandchildren The good news is you do not have to buy your clothes only at high end boutiques to make an impression Everyday styles will work well if you know the tricks of how to bring out the best of your own body shape and features Since a woman can have two to three different body shapes during her lifetime this book will be a lifetime investment We are never too young or too old to learn about style secrets and how to dress stylishly The information in this book is suitable for women of all ages Mothers even your teenage daughters will benefit from reading this book The sooner they gain confidence in style the sooner theyll be set on the road of being stylish and successful      Factory , 1922 Vols 24 no 3 v 34 no 3 include International industrial digest      **American Magazine** , 1922      **The Farmer** , 1927
