

SONNET 147

My love is as a fever, longing still
For that which longer nurseth the disease,
Feeding on that which doth preserve the ill,
Th' uncertain sickly appetite to please.

My reason, the physician to my love,
Angry that his prescriptions are not kept,
Hath left me, and I desperate now approve
Desire is death, which physic did except.
Past cure I am, now reason is past care,
And frantic-mad with evermore unrest
My thoughts and my discourse as madmen's
are,

At random from the truth vainly expressed
For I have sworn thee fair, and thought thee
bright,

Who art as black as hell, as dark as night

Sonnets The:

The Sonnets: The State of Play Hannah Crawforth, Elizabeth Scott-Baumann, Clare Whitehead, 2017-06-01 Shakespeare's Sonnets both generate and demonstrate many of today's most pressing debates about Shakespeare and poetry. They explore history and aesthetics, gender and society, time and memory, and continue to invite divergent responses from critics and poets. This freeze frame volume showcases the range of current debate and ideas surrounding these still startling poems. Each chapter has been carefully selected for its originality and relevance to the needs of students, teachers, and researchers. Key themes and topics covered include: Textual issues and editing the sonnets; Reception, interpretation, and critical history of the sonnets; The place of the sonnets in teaching; Critical approaches and close reading; Memorialisation and monument making; Contemporary poetry and the Sonnets. All the essays offer new perspectives and combine to give readers an up-to-date understanding of what is exciting and challenging about Shakespeare's Sonnets. The approach, based on an individual poetic form, reflects how the sonnets are most commonly studied and taught. *Sonnets; The minor poems* William Shakespeare, 1902

Shakespeare's "Dark Lady"-sonnets: The hell of sexuality - the sexuality of hell Eva Sammel, 2006-06-01 Seminar paper from the year 2005 in the subject English Language and Literature Studies Literature grade 2/3 Saarland University Anglistik course Proseminar Shakespeare's Love Tragedies language English abstract 1 Introduction William Shakespeare's 1564/1616 collection of 154 sonnets belongs surely to one of the greatest and most famous ones, although there are many discrepancies about it, for example, discrepancies in authorship, composition, publication, and contents. Shakespeare's 154 sonnets can be divided into two great sections. The first section contains the sonnets 1-126, which are addressed to a young man, obviously a very good friend of the author who appears again in the second section, and the poems from 127 to 152 are the so-called dark lady sonnets. The last two sonnets, 153 and 154, are about Cupid, the god of love, and revisions of an epigram from the *Anthologia Graeca*. This paper will have a closer look at the dark lady sonnets, at what they are about, why they are called this way, and what it is that makes them so special. Furthermore, several important images that can be found again and again in these sonnets will be named and analysed, among others, images of sexuality, hell, darkness, death, religion, illness, and so on. There will also be a quick introduction why most people speak of Antipetrarchan sonnets in form and content.

The Sonnets William Shakespeare, 2021-01-01 Shakespeare's Sonnets is the title of a collection of 154 sonnets by William Shakespeare which covers themes such as the passage of time, love, beauty, and mortality.
