**Catalogues of Items for Auction by Messrs. Sotheby, Wilkinson & Hodge, 1850-1880 , Jewish Roots of American Liberty** Wilfred M. McClay, Stuart Halpern, 2025-09-23 For much of American history an impassable gulf seemed to separate Jews and Christians keeping their respective peoples and cultures far apart But in recent decades that has begun to change The rise of a militant secularism one equally hostile to Israel and to America's Judeo-Christian values and institutions has unexpectedly drawn Jews and Christians closer together In the face of a common civilizational threat the study of the two traditions joint contributions to the West has risen to the fore Jewish Roots of American Liberty illustrates how the free institutions principles and liberties that we value so much in today's America including Christianity itself are securely grounded in Jewish antecedents The twenty one chapters that comprise this book offer a sampling of the many ways Biblical cultural literary and political that the Hebraic tradition has contributed to the treasury of American self understanding Topics range from the titanic influence of the Hebrew Bible on the political culture of the American Founding to the distinctly Hebraic vision of figures like John Milton Nathaniel Hawthorne and Abraham Lincoln to the Biblical heroes whose examples run through the canon of the American imagination and more Suitable for both classroom use and stand alone reading the highly accessible contents of Jewish Roots of American Liberty will inform and inspire those who want to illuminate the bond between the American and Jewish stories and convey the blessings of that bond to a rising generation

Prints of a New Kind Allison M. Stagg, 2023-04-18 Prints of a New Kind details the political strategies and scandals that inspired the first generation of American caricaturists to share news and opinions with their audiences in shockingly radical ways Complementing studies on British and European printmaking this book is a survey and catalogue of all known American political caricatures created in the country's transformative early years as the nation sought to define itself in relation to European models of governance and artistry Allison Stagg examines printed caricatures that mocked events reported in newspapers and politicians in the United States fledgling government reactions captured in the personal papers of the politicians being satirized and the lives of the artists who satirized them Stagg's work fills a large gap in early American scholarship one that has escaped thorough art historical attention because of the rarity of extant images and the lack of understanding of how these images fit into their political context Featuring 125 images many published here for the first time since their original appearance and a comprehensive appendix that includes a checklist of caricature prints with dates titles artists references and other essential information Prints of a New Kind will be welcomed by scholars and students of early American history and art history as well as visual material and print culture **Saturday Review of Politics, Literature, Science and Art**, 1907 The Saturday Review of Politics, Literature, Science and Art, 1907 The Paper
