The Call Of Freedom:

The Freedom Transmissions Carissa Schumacher,2021-11-30 Channeled Transmissions from Yeshua offering evolved authentic and original wisdom for the deepest realization of truth love and peace through balance liberation and transcendence from the burdens that anchor us to suffering and fear As a child Carissa Schumacher was told by an angelic presence that she would be a channel for Yeshua of Nazareth She did not know what that meant at the time nor the impact it would eventually have on her life and countless others After devoting much of her life to service as an intuitive guide and spirit medium in late 2019 Yeshua s Divine Presence suddenly came through her channel for the first time Over the next months Yeshua shared his timely universal and revelatory messages The Freedom Transmissions is the result This singular book offers a pathway to peace by following the Four Elements of Balance Simplicity Stability Surrender and Stillness When we embody these four energies we create and attract the most abundance nourishment joy and flow to our lives The Freedom Transmissions unburdens us from unnecessary suffering strengthens our faith and sense of wholeness and restores balance and peace reminding us that we are One with the Divine The joy of these Transmissions is that they are for all people and not just some people on the basis of beliefs or dogma Yeshua welcomes in all people who come in humility and a genuine desire to find and know self as One with God This essential text encourages us to choose Faith over Fear Forgiveness over Blame Freedom over Suppression and ushers us from the era of division and polarity to an era of co creation transparency compassion and equality

Called for Freedom Jose Comblin,2009-07-01 In this frank and honest work one of the pioneers of liberation theology in Latin America reassesses the movement in light of post Cold War realities Comblin outlines a liberative theological pastoral agenda for now and the decades to come in the face of massive urbanization and the apparent triumph of the global marketplace With the increasing apartheid of rich and poor the cause of liberation remains as urgent as ever perhaps more so Jose Comblin already established as a premier contributor to liberation theology has now provided a work of major new importance Significant changes have occurred since the inception of liberation theology thirty years ago and Comblin provides a remarkably comprehensive critical and insightful study of economic political cultural and religious developments that liberation theology must address He offers as well a challenging new theological emphasis on freedom

Arthur F McGovern SJ University of Detroit A must read for all interested in current debates among Latin American liberation theologians and more broadly on the eve of the third millennium for all wondering about the meaning of the good news of the coming of God s reign in history Lee Cormie St Michael s College and the Toronto School of Theology He dispels the rumor that liberation theology is disappearing or dead This book is about the future of liberation theology and if Jose Comblin is right it will play a vital role in the coming century Curt Cadorette University of Rochester

Thought: the Reign of Jesus Christ Arch-Preacher John Wesley Ellis I, 2011-11-28 Lord God in the name of Jesus Christ I thank you for being so good and kind to all of the people Even though chastening may seem to be unbearable sometimes it is for the good of all I understand that a loving Father will do many things to keep His children from going astray Lord we ask you to heal the wounds of our past and to keep us from being wounded in the future Our nation is in great trouble and we need your help The politicians do not have an answer and are so confused Please give the leaders of our country the knowledge to repent

An innovative reassessment of philosopher P F Strawson's influential *Freedom and Resentment* P F Strawson was one of the most important philosophers of the twentieth century and his 1962 paper *Freedom and Resentment* is one of the most influential in modern moral philosophy prompting responses across multiple disciplines from psychology to sociology In *Freedom Resentment and the Metaphysics of Morals* Pamela Hieronymi closely reexamines Strawson's paper and concludes that his argument has been underestimated and misunderstood Line by line Hieronymi carefully untangles the complex strands of Strawson's ideas After elucidating his conception of moral responsibility and his division between reactive and objective responses to the actions and attitudes of others Hieronymi turns to his central argument Strawson argues that because determinism is an entirely general thesis true of everyone at all times its truth does not undermine moral responsibility Hieronymi finds the two common interpretations of this argument the simple Humean interpretation and the broadly Wittgensteinian interpretation both deficient Drawing on Strawson's wider work in logic philosophy of language and metaphysics Hieronymi concludes that his argument rests on an implicit and previously overlooked metaphysics of morals one grounded in Strawson's social naturalism In the final chapter she defends this naturalistic picture against objections Rigorous concise and insightful *Freedom Resentment and the Metaphysics of Morals* sheds new light on Strawson's thinking and has profound implications for future work on free will moral responsibility and metaethics The book also features the complete text of Strawson's *Freedom and Resentment*
