Voodoo Child:

Banning Black Gods Danielle N. Boaz, 2021-02-18 *Banning Black Gods* is a global examination of the legal challenges faced by adherents of the most widely practiced African derived religions in the twenty first century including Santeria Lucumi Haitian Vodou Candomblé Palo Mayombe Umbanda Islam Rastafari Obeah and Voodoo Examining court cases laws human rights reports and related materials Danielle N Boaz argues that restrictions on African diaspora religious freedom constitute a unique and pervasive form of anti Black discrimination Emphasizing that these twenty first century cases and controversies are not a new phenomenon but rather a reemergence of colonial era ideologies and patterns of racially motivated persecution Boaz focuses each chapter on a particular challenge to Black religious freedom She examines issues such as violence against devotees restrictions on the ritual slaughter of animals limitations on the custodial rights of parents and judicial refusals to recognize these faiths as protected religions Boaz introduces new issues that have never been considered as a question of religious freedom before such as the right of Palo Mayombe devotees to possess remains of the dead and she brings together controversies that have not been previously regarded as analogous such as the right to wear headscarves and the right to wear dreadlocks in schools Framing these issues in comparative perspective and focusing on transnational and transregional issues Boaz advances our understanding of the larger human rights disputes that country specific studies can overlook Original and compelling this important new book will be welcomed by students and scholars of African diaspora religions and discerning readers interested in learning more about the history of racial discrimination

Cruising World ,2008-05 *Jimi Hendrix, the Lyrics* Jimi Hendrix, 2003-11 This extraordinarily personal book includes numerous examples of Jimi s handwritten lyrics often scribbled on hotel stationery and photos of Jimi accompanying every song Full color and b w photos throughout 27 Gene Simmons, 2019-11-26 The summer of 1969 was a momentous one in modern history It was a season punctuated with change Apollo 11 landed on the moon thousands of young fans flocked to rock n roll festivals like Woodstock and the controversial Altamont Freeway concert the Manson Family cult were on a high profile killing spree and the first uprisings that would become the Stonewall Riots began It was an electric summer of violent endings new beginnings and social unrest It was also the summer that a myth was born beginning with the tragic untimely death of Rolling Stones founder Brian Jones The world soon lost two more huge music stars Janis Joplin and Jimi Hendrix Not only did losing these three beacons of music culture seem to signal the end of a musical era it also felt like a foreboding sign they had all died at exactly the same age All three had lost their lives at the pinnacle of their creative output and all three were exactly 27 years old People have speculated that there could be a dastardly lineage from the poisoning of blues pioneer Robert Johnson in 1938 through these icons of the 60s and more recently to rebel chanteuse Amy Winehouse s death from alcohol poisoning in 2011 Could it be a twisted fate that the world s very best creative souls come to early often violent deaths at just 27 years old Over time this idea began to be known as the 27 club and it has persisted in the public

imagination In 27 The Legend and Mythology of the 27 Club rock n roll icon Gene Simmons takes a deep dive into the life stories of these legendary figures without giving credence to the romanticized idea that being in the club is somehow a perverse privilege Simmons wills us to acknowledge the extraordinary lives not the sensational deaths of the musicians and artists who left an indelible mark on the world *Generous Enemies* Simon Drake,2008-07 Following a global refugee crisis Indonesia invades half of Australia and warlords emerge from the chaos of Occupied Australia China steps in as the only superpower capable of restoring peace Major Katherine Krue is ordered to take out an ex Australian Army colonel who commands a militia army and imports weapons of mass destruction Ultimate Hendrix John McDermott,Eddie Kramer,Billy Cox,2009 Guitar legend Jimi Hendrix packed so much into so few years leaping forward musically with each innovation Hendrix expert John McDermott chronicles each of Jimi s revolutionary recording sessions enlisting the help of Hendrix s friend and bandmate Billy Cox and sound engineer and photographer Eddie Kramer This beautifully designed illustrated volume will also include vivid new descriptions of every single live Hendrix concert from 1963 to 1970 **Voodoo Child** Michael Reaves,1999-04-15 As a Louisiana parole officer Lia St Charles is used to tough customers but the man in front of her doesn t fit the description Shane LaFitte had been a priest of vodun a healer not a killer until he was put away for the brutal ritual murder of his beloved wife Something about his case just doesn t make sense And now a ruthless drug lord who controls the New Orleans street trade has opened a door to the Invisible World beyond summoning monstrous forces for a dreadful day of reckoning To work this terrible evil he needs the sacrifice of an innocent a very special child Only Shane LaFitte has the power to stop his old enemy but first he must convince Lia not to put him back in prison for trying **The Bootleg Guide** Garry Freeman,2003-07-14 The Bootleg Guide is the ultimate in reference works for the 1960s and the 1970s bootleg recordings Within these pages lies a history of rock at its best as performed on stage or in the studio Each entry is catalogued by title date featured tracks and contains a quality rating and comments on the nature and origin of the recording Cross references are provided to other titles and extensive information is available on alternate titles of bootlegs In many cases quirky facts about a particular title are given something that in itself may make a title a highly desirable and sought after rarity amongst collectors Limited editions are listed to help the reader and collector develop a clearer picture of just how obtainable a bootleg may be Bootlegs are unofficial live and studio recordings of artists and bands that are released onto vinyl tape or CD By definition most are so rare that they change hands only for vastly inflated sums or are traded by networks of dedicated collectors worldwide Serious fans and collectors have been known to spend as much as 225 for an original scratchy vinyl recording of bands like Deep Purple and the Grateful Dead dating back to the early seventies The rarest of all are akin to valuable paintings as far as collectors and traders are concerned *Voodoo Child* R.D.
