[Heart's Flower](#) Esperanza U. Ramirez-Christensen, 1994 Shinkei 1406 75 one of the most brilliant poets of medieval Japan is a pivotal figure in the development of renga linked poetry as a serious art In an age when anyone who wished to signal his denial of mundane concerns or make his way in the world with relative freedom donned the robes of a monk Shinkei stood out by being a practicing cleric with a temple in Kyoto the Japanese capital His priestly duties and his devotion to Buddhist ideals are directly reflected in the intensely pure lyrical longing for transcendence that is the most notable quality of his sensibility Shinkei s life and work also provide a vivid portrayal of a tumultuous period of Japanese history that was one of the defining moments of its culture when Zen Buddhism began to directly influence the arts The book is in two parts The first part is a literary biography based primarily on Shinkei s own writings his critical essays waka sequences hokku collections and commentaries supplemented by various external sources What emerges is the compelling portrait of a man who bore witness

to the tragic anarchy of his times while clinging to the ideal of poetic practice as a mode of being and access to Buddhist enlightenment Shinkei became embroiled in the factional struggles preceding the Onin War 1467-77 and died a refugee in what is now Kanagawa The second part consists of annotated translations of Shinkei's most representative poetry 1 selected hokku opening verse of a sequence and tsukeku linked pairs of verses along with Muromachi period commentaries on them 2 two 100-verse renga sequences the first a solo composition from 1467 and the second a collaboration with Sogi and other poet-priests and samurai from 1468 and 3 a selection of one hundred waka poems highlighting Shinkei's most characteristic mode of ineffable remoteness Throughout the author's annotations seek to define and clarify the unique genre called linked poetry

Japan's Frames of Meaning Michael F. Marra, 2010-10-31 In *Japan's Frames of Meaning* Michael Marra identifies interpretative concepts central to discussions of hermeneutical practices in Japan and presents English translations of works on basic hermeneutics by major Japanese thinkers Discussions of Japanese thought tend to be centered on key Western terms in light of which Japanese texts are examined alternatively a few Buddhist concepts are presented as counterparts of these Western terms Marra concentrates on Japanese philosophers and thinkers who have mediated these two extremes bringing their knowledge of Western thought to bear on philosophical reinterpretations of Buddhist terms that are thus presented in secularized form Marra focuses on categories relevant to the development of a history of Japanese hermeneutics calling attention to concepts whose discussion sheds light on how Japanese thinkers have proceeded in making sense of their own culture The terms are organized under three headings The first deals with koto which in Japanese means both things and words Koto is the center of a series of interesting compounds such as kotodama the spirit of words and makoto truth that have shaped Japanese discourses on philosophy ethics aesthetics and religion Writings on koto by twentieth-century philosophers Watsuji Tetsuro 1889-1960 and Omori Shozo 1921-1997 and Edo-period scholar Fujitani Mitsue 1768-1823 are included The second heading is dedicated to two well-known aesthetic categories yugen and sabi which point to notions of depth in physical space as well as in the space of interiority The University of Kyoto aesthetician Ueda Juzo 1886-1973 guides the reader through a history of these concepts In the third part of the book notions of time in the form of ku emptiness and guzen contingency are examined through the work of Ueda's colleagues at Kyoto Nishitani Keiji 1900-1990 and Kuki Shuzo 1888-1941 Perceptive and erudite *Japan's Frames of Meaning* will become a landmark resource in particular for the insights and provocations it offers to contemporary cross-cultural philosophical dialogue for anyone interested in traditional and modern Japanese thought
