Unholy Trinity Mark Aarons, John Loftus, 1998-06-15 Written in riveting fashion by the coauthors of *The Secret War Against the Jews* Mark Aarons and John Loftus s *Unholy Trinity* tells one of the darkest tales of World War II After the war had ended fearing a surge of Soviet growth the Papacy entered into an espionage alliance with British and American intelligence agents Subsuming justice to the nascent Cold War ideology these three powers ferreted Nazi criminals out of Europe so that they could be used in the supposedly greater fight against Communism The Vatican s Nazi smuggling network was penetrated by Prince Anton Turkul the great Soviet double agent who turned the operations into a sting for his masters in the Kremlin *Unholy Trinity* exposes Turkul s Red Nazi operation for the first time and shows how Kim Philby the infamous British Soviet double agent and his network were nearly sacrificed to preserve Turkul s Vatican operation Exploring the Vatican s role in aiding Nazi criminals to escape punishment for their crimes this book originally published in 1991 first revealed the Vatican Swiss bank connection to Nazi gold and documented the hidden links to Western investors in Nazi

Germany Since its publication major revelations about the role of Swiss banks have confirmed Unholy Trinity's expose of the flight of the Nazi's stolen treasures the new introduction and new final chapters written by Aarons and Loftus for this edition bring the book completely up to date and show how the media have missed the vital Vatican connection in the Swiss bank story Among other things the authors demonstrate that U S and British code breakers were fully aware of the Holocaust as early as 1941 but lied to the Western press that the code breakers bugged the Swiss banks and then buried secrets of Nazi gold transfers to protect U S intelligence chief Allen Dulles and that the Australian British and Canadian governments are still waging a campaign to keep their citizens ignorant about the Nazi war criminals living among them Covering all these topics and more Unholy Trinity is the definitive history of a series of profoundly disturbing cover ups involving the Holy See Allen Dulles the Swiss banks and the remnants of the Third Reich

CONCLUSION Conjuring Hitler Guido Giacomo Preparata, 2005-05-20 Nazism is usually depicted as the outcome of political blunders and unique economic factors we are told that it could not be prevented and that it will never be repeated In this explosive book Guido Giacomo Preparata shows that the truth is very different using meticulous economic analysis he demonstrates that Hitler's extraordinary rise to power was in fact facilitated and eventually financed by the British and American political classes during the decade following World War I Through a close analysis of events in the Third Reich Preparata unveils a startling history of Anglo American geopolitical interests in the early twentieth century Showing that Nazism was not regarded as an aberration for the British and American establishment of the time it was regarded as a convenient way of destabilising Europe and driving Germany into conflict with Stalinist Russia thus preventing the formation of any rival continental power block In laying bare the economic forces at play in the Third Reich Guido Giacomo Preparata identifies the key players in the British and American establishment who aided Hitler's meteoric rise
