## Winter Hunger:

*The Hunger Winter* Ingrid de Zwart,2020-07-23 In this pioneering study Ingrid de Zwart examines the causes and demographic impact of the Dutch Hunger Winter that occurred in the Netherlands during the final months of German occupation in the Second World War She offers a comprehensive and multifaceted view of the socio political context in which the famine emerged and considers how the famine was confronted at different societal levels including the responses by Dutch German and Allied state institutions affected households and local communities Contrary to highly politicized assumptions she argues that the famine resulted from a culmination of multiple transportation and distribution difficulties Although Allied relief was postponed for many crucial months and official rations fell far below subsistence level successful community efforts to fight the famine conditions emerged throughout the country She also explains why German authorities found reasons to cooperate and allow relief for the starving Dutch With these explorations *The Hunger Winter* offers a radically new understanding of the Dutch famine and provides a valuable insight into the strategies and coping mechanisms of a modern society facing catastrophe

*The Taking and Displaying of Human Body Parts as Trophies by Amerindians* Richard J. Chacon,David H. Dye,2007-08-21 This edited volume mainly focuses on the practice of taking and displaying various body parts as trophies in both North and South America The editors and contributors which include Native Peoples from both continents examine the evidence and causes of Amerindian trophy taking Additionally they present objectively and discuss dispassionately the topic of human proclivity toward ritual violence This book fills the gap in literature on this subject

*Skymeadow* Charlie Hart,2018-04-19 A love letter to English horticulture written by a passionate gardener A must read for anyone who has dreamt of cultivating their own patch of land Jane Perrone *Skymeadow* is a fascinating book Every flower every passing bud every change in the season is described with rapture Jilly Cooper When Charlie Hart first visited Peverels a small farmhouse that sits lazily on the lip of a hill running down into the Peb Valley he was at breaking point grieving the loss of his father and anxious about the impending death of his mother He and his wife Sybilla felt that their London life had been steadily growing in noise the noise of grief the noise of busyness the noise that comes from the expectations of others and for Charlie the constant clamour of dissatisfaction at work At Peverels Charlie found an expanse of untouched meadowland the perfect setting for an audacious garden Charlie felt an unquenchable urge to dig to create something The days he spent wrestling with the soil in the rose garden were the days in which he mourned the loss of his parents Gardening has taught him that you can dig for victory but you can also dig for mental health As the garden formed around Charlie he buried his fears and anxieties within it A garden that is now known as *Skymeadow* and grows with a lusty almost biblical vigour In *Skymeadow* Charlie seamlessly weaves together his own memoir with that of his garden The result is a lyrical and incisive story of mental health at an all time low the healing powers of digging and ultimately a celebration of nature

**The International Confectioner** ,1927 *My Appalachia* Sidney Saylor Reynolds,2014-04-23 My family lived as far back in the

hollers as it was possible to go in Bell County Kentucky Dad worked in the timber woods and at a sawmill when there was employment to be found We ate what we grew on the place or could glean from the hillsides Just about everything was made by hand We had little contact with people outside the region Sidney Saylor Farr grew up in the mountains of southeastern Kentucky the eldest of ten children Her devotion to her family led her to accept heavy responsibilities from a very young age at three she remembers being put in charge of her baby sister while her parents worked in the corn field At the age of twelve Farr was forced to leave school to care for her ailing mother and younger siblings Although she did not often have time to pursue her own goals life in the mountains nourished and shaped Farr and the writer she would become Her great grandmother was a master storyteller and stories passed down from generation to generation helped define her family history and fueled her imagination Her Aunt Dellie a voracious reader received discarded books from the Pineville library and as she shared these volumes with young Sidney she opened the world to her eager niece Farr s intense determination compelled her to find her own path and gave her the strength to become one of the most influential figures in Appalachian letters nurturing other young writers who wanted to document the region s particular way of life Although living in Appalachia was difficult many people of Farr s generation left the mountains for good she persisted through countless challenges including poverty discrimination and personal loss Farr managed to thrive despite these adversities educating herself raising two sons and becoming a voice for her family community and culture In *My Appalachia* Farr shares the stories of her struggles and triumphs to create a vivid picture of a culture as enduring as the mountains Composed of a rich mix of folklore family history and spiritual and intellectual exploration Farr s deft and gentle storytelling reveals the beauty of life in Appalachia
