Vampire in Contemporary Popular Literature Lorna Piatti-Farnell,2013-11-07 Prominent examples from contemporary vampire literature expose a desire to re evaluate and re work the long standing folkloristic interpretation of the vampire as

the immortal undead This book explores the new vampire as a literary trope offering a comprehensive critical analysis of vampires in contemporary popular literature and demonstrating how they engage with essential cultural preoccupations anxieties and desires Drawing from cultural materialism anthropology psychoanalysis literary criticism gender studies and postmodern thought Piatti Farnell re frames the concept of the vampire in relation to a distinctly twenty first century brand of Gothic imagination highlighting important aesthetic conceptual and cultural changes that have affected the literary genre in the post 2000 era She places the contemporary literary vampire within the wider popular culture scope also building critical connections with issues of fandom and readership In reworking the formulaic elements of the vampiric tradition and experimenting with genre bending techniques this book shows how authors such as J R Ward Stephanie Meyers Charlaine Harris and Anne Rice have allowed vampires to be moulded into enigmatic figures who sustain a vivid conceptual debt to contemporary consumer and popular culture This book highlights the changes conceptual political and aesthetic that vampires have undergone in the past decade simultaneously addressing how these changes in vampire identity impact on the definition of the Gothic as a whole

Feminism and Science Fiction Sarah Lefanu, 1989 Su objetivo es profundizar en la cuestión de si la ciencia ficción a pesar de su orientación predominantemente masculina podría ofrecer a la mujer escritora una libertad por encima de las posibilidades del resto de la literatura tanto en términos de estilo como de contenido. En un sentido más amplio se trataría de averiguar si puede ofrecer un medio de fusión entre contenidos políticos, feminismo e imaginación. Desde el punto de vista del feminismo supone también un análisis del resto de la literatura de ciencia ficción deteniéndose especialmente en la imagen de la mujer que esta ha ofrecido.
