## **Underneath The Knowledge Commons:**

*Underneath the Knowledge Commons* J. Berry Slater, 2005-11 The struggle to protect the so called Knowledge Commons against the current regime of IP enclosures is gathering momentum Referencing the shared popular ownership of common lands in the pre capitalist era today s knowledge commoners want to build a resource a life source of intellectual wealth to sustain people living under informatic capitalism

**Understanding Knowledge as a Commons** Charlotte Hess, Elinor Ostrom, 2011-01-21 Looking at knowledge as a shared resource experts discuss how to define protect and build the knowledge commons in the digital age Knowledge in digital form offers unprecedented access to information through the Internet but at the same time is subject to ever greater restrictions through intellectual property legislation overpatenting licensing overpricing and lack of preservation Looking at knowledge as a commons as a shared resource allows us to understand both its limitless possibilities and what threatens it In *Understanding Knowledge as a Commons* experts from a range of disciplines discuss the knowledge commons in the digital era how to conceptualize it protect it and build it Contributors consider the concept of the commons historically and offer an analytical framework for understanding knowledge as a shared social ecological system They look at ways to guard against enclosure of the knowledge commons considering among other topics the role of research libraries the advantages of making scholarly material available outside the academy and the problem of disappearing Web pages They discuss the role of intellectual property in a new knowledge commons the open access movement including possible funding models for scholarly publications the development of associational commons the application of a free open source framework to scientific knowledge and the effect on scholarly communication of collaborative communities within academia and offer a case study of EconPort an open access open source digital library for students and researchers in microeconomics The essays clarify critical issues that arise within these new types of commons and offer guideposts for future theory and practice Contributors David Bollier James Boyle James C Cox Shubha Ghosh Charlotte Hess Nancy Kranich Peter Levine Wendy Pradt Lougee Elinor Ostrom Charles Schweik Peter Suber J Todd Swarthout Donald Waters
