The Italian Lesson:

The Italian Lesson Janice Elliott,1987 *Italian Lesson 101* Gennaro Lombardi,2014-10-22 Here it is Italian Lessons 101 You may have learned some lessons in school my friends but there is no school brave enough in the world to withhold and teach all the lessons that can be learned here in this book This book contains lessons that are not only learned in school but also the streets where most Italian Americans get their true colors from This is a book for the New Age and the Old Age and it is here to show that Italians teach things that transcend time and space They are genius lessons that can last more than a life time and have value to teach every era From Leonardo Da Vinci who lived 500 years ago to the modern day mobster movie GoodFellas they were Italians who were border line crazy genius and taught us valuable life lessons So make a pot of coffee sit down shut up and get ready to learn 101 of the best Italian lessons ever taught *3 Minute Italian: Lessons 1-3* Kieran Ball,2016-12-17 The best way to learn to speak a foreign language is to start using it straight away This is exactly what you will be doing with 3 Minute Italian With this book you will learn useful words and phrases that will get you speaking from the very first lesson You will learn quickly how to form your own sentences without feeling like you re never going to use what you learn I wrote the 3 Minute Italian methodology after trying lots of different courses books and CDs I noticed that most Italian courses start out with a long list of pronunciation rules using weird symbols that you won t understand unless you ve studied phonetics I also noticed that a lot of Italian courses fill their first few lessons with pages and pages of rules for the language how to pluralise nouns how to recognise the gender of a noun how to use the definite indefinite or partitive articles Whilst this information will become useful eventually for the complete beginner it can be extremely confusing and very often overwhelming especially when baffling grammatical terminology is used This is what leads to most students giving up With 3 Minute Italian what I have done is put the most useful things first You will learn words and phrases that will allow you to speak straight away and you will get an instant feeling of success from the very first lesson Furthermore I have made sure that I explain everything in a way that assumes you know nothing about language learning I don t use any tricky terminology and I don t give you an endless list of rules we learn as we go along adding small bits of information here and there and practising until you can use it confidently Each time you learn a new word I show you exactly how to say it with a small pronunciation guide underneath it And you don t need to worry about remembering the words either the way the course is set out means that you will automatically internalise new vocabulary without even trying The methodology behind this book is the same methodology I use in my classes and online courses and the results my students have had are exciting and thrill me just as much as them People who have spent years unsuccessfully studying Italian have tried this book or one of my courses and have been amazed at how much they ve learnt and understood in just the first lesson Here are some of their reviews Excellent He really understands teaching This course breaks through a major barrier to learning foreign languages NIALL COLLINSThis is fantastic Everything you learn just stays in your head YUVRAJ
