The Witch of Oz, 2018-02-07. The Old Religion, known as Wicca, uses an ancient pagan system of internal and external alchemizing as a way to heal and cause a reawakening and a new awareness of the Mother Goddess and her deepest mysteries. By improving our communication with our subtler levels of rhythm and change, we can move more easily and completely into the Age of Aquarius. Complete Teachings of Wicca, Book Two: The Witch offers a journey of self-exploration to learn and understand the basics of the oldest religion in the world, Wicca. It takes you through a series of training exercises and provides deeper insight into the mysteries of the Wicca and our Goddess, Mother Earth. Man has always been in awe of the Universe and its Magick, and by realizing that there is an ultimate feminine, we can know how everything is a creation of the two. We are the Witches of old and the Wiccans of tomorrow. The changes of the dawning age are inevitable and part of the macrocosmic tides. But it is up to us, as individuals and as a planet, to decide whether these changes take us forward or backward. The training and education in Complete Teachings of Wicca will help you find that the results are proportional to the amount of artistic involvement you invest, and it will help you reconnect with Mother Nature, whether you are the seeker, the beginner of Wicca, or someone seeking his or her own truth.

The Tangled Web of Wicca, Rain Dove (Suzy Smith), 2014-10-25. I am a Traditionalist, a Traditional Wiccan, High Priestess, Witch. I am not a person with an Ivy League education. Nor am I a scholar with 6 or 7 degrees. I do not speak any language other than English, a few choice Spanish words, and some pig Latin. I don't use big fancy words where you have to have a dictionary to read the book, and I don't use long, complicated sentences that you have to read 16 times to understand what I'm saying. I'm not a professional writer, and even if I were, I felt this book needed to be written where anyone could read it without any difficulty, no matter the level of reading one does or how long they've been on the path of Wicca. Most people will agree there have been many books written on the subject of Wicca. So many of them it can become confusing and frustrating for the novice because most books are simply bits and pieces of Wicca thrown together, coupled with a person's personal opinion and experience. There are many important details left out. Details that are inclusive in most Traditional Wiccan training. Keep in mind, there's only one way to receive full training, and it does not come from a book or from the internet. This book is different than your average how-to book on Wicca. There are no spells. It is not about magic. There are no instructions on how to cast a circle or how to call the quarters. There's plenty of books out there on all of those subjects. If that is the kind of book you were expecting, I am happy to inform you that it is not. This is a book that explains a seemingly fast-disappearing perspective regarding important protocol and important elements that are missing in today's practices within the religion of Wicca in our American Wiccan communities today. A

perspective believed by many that should return The book also points out some of our problems and issues in the Wiccan community that are going on here today in the United States Problems and issues that have arose since the occurrence of Wicca s massive growth spurt and the booming book and internet industry that surrounds it This book is written based on my training experiences knowledge and information that I have personally gained over the years from walking and living the life of a Wiccan Witch There is information contained within this book that you normally would not hear or know about Wicca unless you had or have a teacher Teacher meaning a Traditional Wiccan High Priestess or Priest Witch to help you along to guide direct and train you The sole purpose of this book is to give you some of that information that you would not receive without training without an experienced High Priestess or Priest to give it to you Much of it is information that you will not find in books and is vital to Traditional Wiccan practice Some which is basic Wiccan protocol that has been passed down orally and or verbally through the generations some since the beginning of Wicca and its oral Traditions in the United States Oral and verbal protocol that was and still is being given to Novices in their beginner level training in some of the working Traditional Covensteads My hope is that it will provide the reader s with a fresh yet certainly not new look at Wicca and hopefully help guide them in the direction that s most beneficial for them If you find it to be controversial for remember this is a perspective coming from a Traditional Wiccan Witch who has been formally trained in a Tradition of Wicca in a Traditional Wiccan Coven Either way I hope anyone who reads it will get something from it even if its just a small something and that it will help in some way as you step onto the path of Wicca or onto the next crossroads of your journey in Wicca Before you begin to read this book please understand that I am not staking any claims that I am the Wiccan Guru or the Grand Poohbah of Wicca I have never claimed such nor will I ever claim such So please do not take my words out of context or twist them in any way I ask that you understand and know that my words are in no way conveying that a person is not legitimately Wiccan or not legitimately practicing Wicca if they don t do things the way I explain in this book or if they do not practice the way I do It is not a book that says do it this way and no other or that my way is the only way or the best way Not at all The book was written for the reader s to understand Wicca from a Traditional perspective and to come to their own conclusions about what to do if anything after reading it Again this is a book written from my own training and experiences and from the knowledge I have gathered over the years of walking this path If you have questions about something that is stated in the book please refer to the Facebook page that is set up for discussion of the book I am sure some folks will go on with their usual way of doing things regardless of what I have to say And I wouldn t expect anything more or anything less I do not wish to complicate things for anyone I am in hopes it will answer some questions or rid the reader of any preconceived ideas or confusion she he might have maybe even eliminate some of the incorrect information you have come across during your seeking and or walk in the path of Wicca thus far If nothing else maybe it will provoke thought on some new yet not new ideas Not following any protocol not having any criteria not having or abiding by any rules of any kind is leaving a door wide

open for Occult mayhem In my own personal opinion I feel we re not far from it if not already in mayhem I feel it is time we make bigger changes Changes that will help Wicca grow and prosper in a more positive way It is a vision of mine to see changes taking place in the Wiccan community changes that will bring the Traditional practices of Wicca back where they use to be and as a result bring a successful religion to the lands we live and to the path and religion that I care so much about Wicca is not the be all or end all of Occult paths Wicca is just one Occult path out of many that a person may learn or take Learning as much as you can about as many of them as you can is always encouraged But if you are interested in Wicca in particular and you live in the United States it is wise to heed the advice of the older trained and more experienced long term members of the Wiccan community who have practiced paritcularly here in the United States Due to the the love and passion I have for Wicca I have been called to write this book I would like to thank every person who has been with me through this journey because all of you have contributed in my writing it Both directly and indirectly A thank you goes out to those of you who have purchased the book I hope you enjoy reading it as much as I enjoyed writing it NOTE If you do not agree with something I have stated in this book and wish to debate it please be an adult about it and show your level of spiritual maturity by writing your own book in rebuttle to it If you have something to say in defense or do not agree with something and do not wish to write a book in rebuttle please refer to the discussion page on Facebook that has been set up so we can talk about it The one thing that I ask is that you have enough respect for me to not stoop to personal verbal attacks my training or my own personal experiences and perspectives just because you don t agree with me I would be most grateful for that Thanks Happy Reading Rain Dove

Wicca's Charm Catherine Sanders,2009-08-05 How Wiccan Spirituality Is Filling a Spiritual Hunger in America Hundreds of thousands of people practice Wicca and other forms of modern Pagan spirituality in America today and journalist Catherine Edwards Sanders wanted to understand why such belief systems are rapidly attracting followers When a routine magazine assignment led her to realize that her stereotype of Wiccans as eccentric spiritual outsiders was embarrassingly misinformed her curiosity compelled her to understand the Wiccan mystique With the support of a journalism fellowship Sanders spent a year interviewing neo Pagans and witches and found that the lure of this emerging spirituality was not the occult but rather a search for meaning in an increasingly fragmented and materialistic culture With keen observation challenging insight and compassionate critique Sanders produces a lively narrative about what she experienced and discovered during her travels Halloween rituals in Salem anti globalization protests in New York and the contrasts between what seekers find in neo Paganism that they perceive as lacking in Christian tradition In Wicca s Charm Sanders explains the powerful attraction of an increasingly mainstream

Wicca for Beginners Caroline Orins, 2018-02-06 The Wiccan religion has been around for centuries There are many people that follow their beliefs In some way all of us do without even realizing it However not many people really know what Wicca is or how it originated It is a popular belief that Wicca is a total pagan religion and their beliefs are against the teachings of all other religions on Earth But we have to remember that the beliefs of one person may not be the same for another Praise need not be for one God Allah or Buddha it can also encompass Nature So how did it all begin It was many centuries ago that Wicca was born No one knows an exact year since recordkeeping back then was sparse at best The number of Wiccans was pretty small then since there were many others that did not understand what Wiccans did or what their beliefs were In other words there was discrimination against them for their practices Their rituals were and are far different than any other religion known to man Since a lot of people did not understand what their form of worship was many people were persecuted and even killed for their beliefs So the Wiccans hid for many years for fear of losing their lives for their choice in religion There are many stories about the misunderstanding of Wicca including the famous Salem Witch Hunts It seems that it was easier to condemn a person as being a witch with unsubstantiated powers than it was to ask why a coven was making a pot of the same medicinal potions that were used in most households But witch hunts did not start in Salem There were many other places in the world where they occurred with many people put to death by several different inhumane ways for what they believed and what they practiced Not only are there many Wiccans in the world today but there are also those people that twist the religion into an evil following of devil worship This book delves into that subject to give a better understanding of the differences between the two groups There are other recognized religions that are spin offs of other major religions but they do follow a lot of the same doctrines as the group they separated from However devil worship does not fall into that category Our discussion of that practice will point out the differences they have with any other religious groups What will you learn From the history of Wicca all the way to the modern day you will discover what its practices are what its beliefs are how they have changed through the years and how they have come to be accepted in today's society You will also discover resources to learn more

about them Perhaps you can learn even more about Wicca and explore the faith to see if it can be your way of life If nothing else you will have learned something new If your interest is now piqued delve into the world of Wicca and learn about the very basic foundation of their beliefs
