Working Cats:

Social Work, Cats and Rocket Science Elaine James, Rob Mitchell, Hannah Morgan, 2019-09-19 This book tells stories of just how powerful social work can be. At its heart are stories drawn from frontline practice ranging from first interviews through to complex decision making. Along the way we meet the social worker who assessed a cat though for all the right reasons. We witness the cost of failing to protect the rights of adults exemplified in the tragic death of Connor Sparrowhawk. We also see the transformations that can happen when social workers really get it right as in the case of Peter whose love of balloons led them to feature in his care plan. These stories from practice are combined with guidance and reflective exercises to offer valuable practice wisdom and learning for new and experienced social workers alike. By turns funny, wise and moving, this book articulates the personal and professional qualities needed to practise rights based social work. It reveals the potential of the profession to make a difference to the lives of individuals and to communities. [The Social Work, Cats and Rocket Science Guide to Rights-Based Practice](#) Various Authors, 2025-04-21 Dive into the heart of social work in this pioneering A-Z reference guide which brings theory to life through the lived experience of social workers. Drawing on narrative accounts from a thriving community of practice, this justice driven book offers authentic and intimate outlooks on the realities of social work. Each chapter focuses on one aspect of practice and is supplemented with a diverse tapestry of professional voices at various stages of their career. Each contribution offers a unique perspective including insight from professionals who have first hand experience of social work interventions. Examples of practice are from across the age range from the experience of supporting a young person to move from a children's residential home into their first flat through to ensuring that an older person living in a care home carries on voting. Real life cases are paired with critical reflections, learning points and relevant case law. This combined approach allows for wisdom in practice as well as legal literacy within a person centred relational framework. Brought up to date with a splash of punk philosophy bringing optimism to the social work struggle for those whose rights need support to be upheld and for their voices to be heard. In revealing the profound relationship between social work power and human rights, this guide will allow you to become a more reflective and impactful practitioner. *Murder at the Cat Show* Marian Babson, 2019-08-20 A suspenseful mystery starring two publicists and a whole lot of cats from the Agatha Award winning author of *Cover Up*.
