New Trends in Psychobiography Claude-Hélène Mayer, Zoltan Kovary, 2019-08-06 This volume offers insights into contemporary trends and perspectives in psychobiographical research. It applies new theoretical and methodological frameworks and presents discourses on psychobiography from transdisciplinary backgrounds and various socio-cultural contexts, displaying the new state of the art, new trends and themes in psychobiography. The book outlines psychobiography's outstanding contribution to psychology from 36 internationally reputable authors. It also presents the ideas of five outstanding psychobiographers through interview excerpts. This book is a must for researchers, lecturers, and practitioners in the field of psychology and social sciences interested in the use of new psychological theories and methodologies in life span research.

Positive Psychology: An Emerging Trend of 21st Century Dr. Agyajit Singh, 2022-06-06 The book POSITIVE PSYCHOLOGY is the brainchild of the author who has supervised many Ph.D. students in Positive Psychology over the last two decades on a variety of topics such as emotional intelligence, locus of control, self-efficacy, and self-concept among others. It is the most recent addition to the psychological literature portraying the new field of emotional intelligence. This book is hoped to be highly valuable to scholars, general readers, and professionals who will benefit from the knowledge received through this book. Furthermore, the contents of the book are very relevant to one's own life because they are stated in a simple and clear language. They will enjoy reading this book since it will appeal to their emotions.

The Global Research Mosaic: Evolving Landscapes of Multidisciplinary Research Trends in Europe, Asia, and Africa Dr. Radhia AISSI, Dr. Pratisha Kumari, Dr. Sukhwinder Singh, 2024-11-22 The Global Research Mosaic: Evolving Landscapes of Multidisciplinary Research Trends in Europe, Asia, and Africa presents an insightful exploration of the dynamic and interconnected nature of contemporary research across three continents. This editorial delves into the book's comprehensive examination of how multidisciplinary approaches are transforming research landscapes, fostering innovation, and addressing global challenges through collaborative efforts. The book is a testament to the importance of multidisciplinary research in a globalized world where complex problems often require integrated solutions. By focusing on Europe, Asia, and Africa, it highlights the unique contributions and collaborative potential of each region. The editorial underscores how the book effectively maps out the evolving research trends, providing a holistic view that transcends traditional disciplinary boundaries. This book's most compelling argument is the assertion that the future of research lies in global collaboration and multidisciplinary approaches. The editorial reflects on the book's vision for a more interconnected research community where knowledge and resources are shared across borders to tackle global issues such as climate change, pandemics, and social inequalities. It applauds the book for providing a roadmap for future research endeavors, emphasizing the need for policies and initiatives that support international collaboration and the integration of diverse disciplinary perspectives.
