HowExpert, Jody Cummings, 2016-09-11 Genealogy is increasingly popular these days The popularity of the television show

Who Do You Think You Are and the plethora of websites and books on the subject this book included attest to the popularity of understanding the present by uncovering the past Just one hour of television viewing can bring you several commercials for Ancestry com and that s just one genealogy service There are magazines blogs podcasts and even degree programs about genealogy Genealogy has become big business worth over 1 6 billion that s billion with a b in 2012 alone Why this sudden fascination with tracing our roots Some people say it s because the modern world is in such a state of confusion and flux that the past that golden realm where all of the bad things are over and everything has already happened can see like a much safer place to put our attention I actually think that in our drive to be more self aware we have discovered that to know who we are we really need to know who we ve been and where we come from There is so much that can be learned from researching your family s past not just about the people who came before you but also about the world as it once was A family tree is history writ small showing the effects of larger events on individuals and sometimes the influence of individuals on larger events It s a personalized form of history with a bit of old fashioned detective work thrown in for good measure It s a treasure hunt and a mental puzzle and the thrill of discovering some new nugget of information is a very real thing As you go back in time with your family names and dates you ll make little stops in different eras of history like a time traveler Take each of these stops as opportunities to look out the windows of the house of the family that you re building Let s say that you were born in 1969 You don t have any clear memories of that year obviously What was happening in your town that year In your state In your country The year you were born was the end of the turbulent 1960s a decade of change The Vietnam War was being fought and the conflict was being televised for the first time Did you have relatives fighting at Khe Sanh Did they come back Was it your father Your older brother Was your cousin neighbor a hippie while the rest of your family supported the government Or was it the exact opposite Look out the window at 1969 Try to get to know it and understand how the history of that year colored who you became Now look at your mother Suppose that she was born in 1946 That was the year after World War II ended at the start of the Baby Boom She was born only months after the first nuclear weapon was detonated over Japan Your mother was one of those children who were taught to duck and cover in the 1950s during the darkest days of the Cold War How did that affect her outlook on life Did she have uncles who went to war or did her father fight Where did she live How many siblings did she have Look at 1946 and get to know it Do this process at every stop on your family tree and you will find yourself building a truly epic generational saga You don t have to be a Kennedy or a family in fiction to have dramatic stories in your family tree and we re still only two generations into the line Your ancestors traveled long and far to get you to where you are and to make you into the person you are today We have many characteristics that come from the people in our families who came before us things that go beyond eye color and the texture of our hair About the Expert Jody Cummings is an amateur genealogist who has been researching her family tree for more than 13 years She earned a B A in History Spanish and Anthropology from the Michigan State University Honors College and
