## **The Soul Of Tree:**

**The Soul** Paul Ham, 2025-08-05 Wonderfully entertaining Michael McGirr Sydney Morning Herald I am absolutely in awe of this book Hugh Mackay AO Almost everyone thinks they have one but nobody knows what it is For thousands of years the soul was an organ an entity something that was part of all of us that survived the death of the body and ventured to the underworld or to heaven or hell The soul could be saved condemned tortured bought And then mysteriously the soul disappeared The Enlightenment called it the mind And today neuroscientists demonstrate that the mind is the creation of the brain The religious soul lives on in the minds of the faithful while the secular soul means whatever you want it to mean In *The Soul A History of the Human Mind* critically acclaimed historian Paul Ham embarks on a journey that has never been attempted to restore the idea of the soul to the human story and to show how belief in and beliefs arising from the soul mind have animated and driven the history of humankind The Soul is much more than a mesmerizing narrative and uniquely accessible way of explaining our story It transforms our understanding of how history works It persuasively demonstrates that the beliefs of the soul mind are the engines of human history
