Trinity Eastwest Dialogue:

Philosophical Theology and East-West Dialogue Hisakazu Inagaki, J. Nelson Jennings, 2021-10-25 Philosophical Theology and East West Dialogue is a unique philosophical and theological analysis of certain key interactions between Eastern and Western thinkers The book on the one hand contrasts general traits of Eastern Buddhist thought and Western Greek thought However in doing so it focuses on influential philosophers and theologians who manifest particular instances of wider issues The result is a careful examination of basic questions that offers both broad implications and concrete specificity in its approach The book itself is an instance of East West dialogue Independently of each other both authors had previously engaged in serious cross cultural studies The Japanese Inagaki had researched Western science and philosophy then written in Japanese comparative studies of Japanese thought The North American Jennings had researched Japanese theology They brought these backgrounds together dialoguing with each other until the present study emerged Several creative Japanese thinkers as well as important Westerners are taken up The study follows the lead of many Eastern impulses but it also critically utilizes Western methods Contemporary thinking on religious plurality is carefully examined This new study is a must for those interested in philosophy and theology in general and East West interaction in particular **Ecumenical Perspectives on the Filioque for the 21st Century** Myk Habets, 2014-06-19 The volume presents a range of theological standpoints regarding the filioque With some contributors arguing for its retention and others for its removal still others contest that its presence or otherwise in the Creed is not what is of central concern but rather that how it should be understood is of ultimate importance What contributors share is a commitment to interrogating and developing the central theological issues at stake in a consideration of the filioque thus advancing ecumenical theology and inter communal dialogue without diluting the discussion Contributors span the Christian traditions Roman Catholic Protestant Eastern Orthodox and Pentecostal Each of these traditions has its own set of theological assumptions methods and politics many of which are on display in the essays which follow Nonetheless it is only when we bring the wealth of learning and commitments from our own theological traditions to ecumenical dialogue that true progress can be made It is in this spirit that the present essays have been conceived and are now presented in this form Inter-Christian Philosophical Dialogues Graham Oppy, N.N. Trakakis, 2017-09-22 Inter Christian Philosophical Dialogues offers a unique approach to the philosophical exploration of Christianity Five leading Christian philosophers of religion are brought together to engage in a spirited dialogue debating and discussing the merits and demerits of the diverse ideas doctrines and practices found in the Christian tradition Participants in this dialogue represent and defend the following traditions or movements within Christianity Naturalist Christian theism Ecological Christianity Catholic Christianity Reformed Protestantism Orthodox Christianity This set of volumes uncovers the rich and diverse cognitive and experiential dimensions of religious belief and practice pushing the field of philosophy of religion in bold new directions Kenosis and Its Power Norihito Nakamura, 2025-10-22 What is

kenosis It is a Christian theological concept from Philippians 2 that refers to the self emptying of Jesus Jesus while being fully divine voluntarily emptied himself and renounced certain divine privileges and powers This concept has sparked extensive theological discussions over its long history but its meaning underwent a transformation in the twentieth century In an era of modernity known for nihilism where secularization and the death of God are taken for granted kenosis prompts people to consider a new form of religion This volume of eight essays aims to open up its philosophical and historical significance It is divided into two parts The first part consists of analyses of kenosis from the perspectives of political theology and contemporary philosophy e g McFaigue Kierkegaard Bonhoeffer Jean Luc Nancy Levinas Jean Luc Marion etc The second part focuses on the Japanese philosophers of the Kyoto School and consists of studies on the interreligious potential of kenosis e g Nishida Kitamori Nishitani Tanabe Abe Nicholas of Cusa Moltmann Vattimo etc

Religious Issues and Interreligious Dialogues Charles Wei-hsun Fu, Gerhard E. Spiegler, 1989-06-26 A monumental collection essential for academic and seminary libraries and highly recommended for public libraries as well Library Journal An important new voice in contemporary philosophical theological discourse this book highlights a number of issues that have been of particular concern to scholars religious leaders politicians and the general public since the end of World War II The contributors purpose is to force a reexamination of basic concerns in religion religious beliefs and religious studies and to encourage both a reshaping of entrenched attitudes and a continuation of meaningful dialogue among different religious groups To this end they address a wide range of topics from the perplexing problem of relativism and the issue of feminism in the church to questions of Muslim identity and Hindu Christian dialogue Divided into two principal parts the book begins by exploring a broad spectrum of religious issues Norbert Samuelson analyzes theism and atheism in Western religious philosophy Ernest Stoeffler focuses on the parallel trends of conservatism and liberalism in American Protestantism Gustavo Benavides examines religion and modernization in Latin America Additional papers address a universal theology Christianity and sociopolitical thought postwar neo Confucian philosophy among other topics In the second section the contributors turn to interreligious dialogues examining the ways in which various religions have attempted to forge deeper mutual understanding often in the face of rising sociopolitical tensions Taken together these essays offer an eloquent testimonial to the critical importance of interreligious dialogue in contemporary society Religious Issues and Interreligious Dialogues will be an important addition to the reading list for studies in world religions contemporary religious issues and comparative religion LWF Documentation Lutheran World Federation, 1997 **Newsletter on the Fourteenth-century English Mystics** ,1974 *Cistercian Studies Quarterly* ,1996 Six Ways of Being Religious Dale S. Cannon, 1996 The book proposes the hypothesis that six generic ways of being religious may be found in any large scale religious tradition such as Christianity or Buddhism or Islam or Hinduism sacred rite right action devotion shamanic mediation mystical quest and reasoned inquiry These are recurrent ways in which socially and individually devout members of these traditions take up and appropriate their stories and symbols in order to draw near to and come into right relationship with what the traditions attest to be the ultimate reality *Good and Evil After Auschwitz* Jack Bemporad, John Pawlikowski, Joseph Sievers, 2000 Good and Evil After Auschwitz is a compendium of the papers presented at an extraordinary symposium convened at the Vatican in

1998 It represents the views of more than thirty of the world's foremost theologians and religious thinkers on the inescapable moral question of our era the problem of how if at all believers can reconcile their faith in a just and merciful God with the mass murder of millions of innocents during the Holocaust Although the symposium took place in the Vatican it gave voice to the thought and anguish of Jewish and Protestant thinkers as well as Roman Catholics The participants came from many different countries and include many individuals well known in European intellectual and philosophical circles The volume includes an interview with Marek Edelman the last surviving leader of the Warsaw Ghetto uprising and excerpts from the writings of Moshe Flinker Etty Hillesum and Dietrich Bonhoeffer Good and Evil After Auschwitz is a powerful and thought provoking book The profoundly moving contributions by the symposium participants can serve as signposts to guide us in the effort to confront the awesome questions posed by the Holocaust even as they remind us that no human answer can possibly be adequate to its enormity Eastern Churches Journal ,2002 **The British National Bibliography** Arthur James Wells,2005 **The East-West Understanding of Man** V.
