The Triple Revolution Robert Perrucci,1968 Compilation of writings on problems stemming from social change in the USA covers the sociological aspects and psychological aspects of military and technological change automation individualism human rights incl Of the Black minority groups poverty eradication programmes etc *The Triple Revolution Emerging: Social Problems in Depth* ,1971 **The Triple Revolution Emerging : Social Problems in Depth C** ,1971 Brief History of Social Problems Frank J. McVeigh,Loreen Therese Wolfer,2004 In this book Frank McVeigh and Loreen Wolfer take an historical approach to examine the causes and conflicts behind ten major social problems that have existed for nearly 230 years Using a critical thinking perspective of the history sociology politics and economics of the period the authors analyze social problems as a series of conflicts between those with power and those who were at one time virtually powerless Embedded in this analysis is a discussion of how the shift from a Gemeinschaft to Gesellschaft society has influenced how we address these problems Using these themes McVeigh and Wolfer provide thought provoking insight into the ways individuals groups and social institutions change over time gaining or losing power The book contains a preface by Arthur Shostak Drexel University **Critical Social Theory and the End of Work** Edward Granter,2016-04-22 Critical Social Theory and the End of Work examines the development and sociological significance of the idea that work is being eliminated through the use of advanced production technology Granter s engagement with the work of key American and European figures such as Marx Marcuse Gorz Habermas and Negri focuses his arguments for the abolition of labour as a response to the current socio historical changes affecting our work ethic and consumer ideology By combining history of ideas with social theory this book considers how the end of work thesis has developed and has been critically implemented in the analysis of modern society This book will appeal to scholars of sociology history of ideas social and cultural theory as well as those working in the fields of critical management and sociology of work *Technonatures* Damian F. White,Chris Wilbert,2010-04-05 Environmentalism and social sciences appear to be in a period of disorientation and perhaps transition In this innovative collection leading international thinkers explore the notion that one explanation for the current malaise of the politics of ecology is that we increasingly find ourselves negotiating technonatural space times International contributors map the political ecologies of our technonatural present and indicate possible paths for technonatural futures The term technonatures is in debt to a long line of environmental cultural theory from Raymond Williams onwards problematizing the idea that a politics of the environment can be usefully grounded in terms of the rhetoric of defending the pure the authentic or an idealized past solely in terms of the ecological or the natural In using the term technonatures as an organizing myth and metaphor for thinking about the politics of nature in contemporary times this collection seeks to explore one increasingly pronounced dimension of the social natures discussion Technonatures highlights a growing range of voices considering the claim that we are not only inhabiting diverse social

natures but that within such natures our knowledge of our worlds is ever more technologically mediated produced enacted and contested *Social Problems* ,1973 Handbook of Peace and Conflict Studies Charles Webel,Johan Galtung,2007-03-12 This major new Handbook provides a cutting edge and transdisciplinary overview of the main issues debates state of the art methods and key concepts in peace and conflict studies today The fields of peace and conflict studies have grown exponentially since being initiated by Professor Johan Galtung half a century ago They have forged a transdisciplinary and professional identity distinct from security studies political science and international relations The volume is divided into four sections understanding and transforming conflict creating peace supporting peace peace across the disciplines Each section features new essays by distinguished international scholars and professionals working in peace studies and conflict resolution and transformation Drawing from a wide range of theoretical methodological and political positions the editors and contributors offer topical and enduring approaches to peace and conflict studies The Handbook of Peace and Conflict Studies will be essential reading for students of peace studies conflict studies and conflict resolution It will also be of interest and use to practitioners in conflict resolution and NGOs as well as policy makers and diplomats
