Triumph Cars: The Complete Story Graham Robson, 1991      Triumph Cars - The Complete Story Graham

Robson, Richard M. Langworth, 2019-01-08 Relating the story of Triumph cars is complex enough but to include all the earlier events which persuaded Siegfried Bettman to begin car manufacture in 1923 is even more so The two authors however both of them experts in all things Triumph the cars and the political events surrounding them have assembled and presented an enthralling story of the way the car making side of the business came to prosper was then afflicted by financial problems and then rescued from oblivion by Standard in 1944 Thereafter Triumph once again became a prominent marque eventually dominated Standard and from the 1960s onwards became an important cast member in the melodramatic events which involved Leyland BMC and eventually British Leyland Triumph Cars The Complete Story however is not merely a turbulent trawl through the historical record for both authors were also successful in locating the important characters whose efforts made it possible for Triumph to excite the world Along the way the career of cars as famous as the Glorias and Dolomites of the 1930s the Heralds Spitfires and TRs of the post war years and the headline grabbing exploits in racing and rallying build up a story which no fictional writer could have created      **Triumph Cars** Richard M.
