Tropical Chills:

Tropical Chills Tim Sullivan, 1988 **Tropical Gothic in Literature and Culture** Justin D. Edwards, Sandra Vasconcelos, 2016-01-13 Tropical Gothic examines Gothic within a specific geographical area of the South of the Americas In so doing we structure the book around geographical coordinates from North to South and move between various national traditions of the gothic Mexico Argentina Brazil etc alongside regional manifestations of the Gothic the US south and the Caribbean as well as transnational movements of the Gothic within the Americas The reflections on national traditions of the Gothic in this volume add to the critical body of literature on specific languages or particular nations such as Scottish Gothic American Gothic Canadian Gothic German Gothic Kiwi Gothic etc This is significant because while the Southern Gothic in the US has been thoroughly explored there is a gap in the critical literature about the Gothic in the larger context of region of the South in the Americas This volume does not pretend to be a comprehensive examination of tropical Gothic in the Americas rather it pinpoints a variety of locations where this form of the Gothic emerges In so doing the transnational interventions of the Gothic in this book read the flows of Gothic forms across borders and geographical regions to tease out the complexities of Gothic cultural production within cultural and linguistic translations Tropical Gothic includes but is by no means limited to a reflection on a region where European colonial powers fought intensively against indigenous populations and against each other for control of land and resources In other cases the vast populations of African slaves were transported endowing these regions with a cultural inheritance that all the nations involved are still trying to comprehend The volume reflects on how these histories influence the Gothic in this region **Heat Stress and Culture in North India**

Jack M. Planalp, 1971 The study delineates interrelationships between the thermal environment specially the prolonged seasonal heat stress and human life and culture in North India The subject is first treated historically with a survey of the ideals and behavior of man s adaptation to the climate in ancient and medieval India and in colonial Anglo Indian society Present day adaptations to the climate as reflected in housing clothing technology daily regimen and diet are described and examined in greater detail The second part of the report centers on heat injuries with a survey of their worldwide epidemiology and statistics and maps showing their incidence since 1960 in the state of Uttar Pradesh The folk beliefs concepts and therapy which are generally applied in rural North India to the occurrence of heat injuries are described and examined Appendices further describe the recognized heat disorders and the scientific indices for assessing comfort and heat stress Author *American Medicine* ,1905 The Year's Best Science Fiction: Sixth Annual Collection Gardner Dozois, 1989-05-15 This year s edition of The Year s Best Science Fiction demonstrates once again why the anthology received the 1988 Locus Award for the best anthology in the field Gardner Dozois presents the finest writing of the year from both new writers and old favorites including Walter Jon Williams James Patrick Kelly Brian Stableford Steven Gould Harry Turtledove Eileen Gunn Nancy Kress Mike Resnick Bruce McAllister Connie Willis Lewis Shiner Judith Moffett Bruce Sterling

Robert Silverberg George Alec Effinger Howard Waldrop Kim Stanley Robinson James Lawson Michael Swanwick John Kessel Stephen Kraus Pat Cadigan Kristine Kathryn Rusch D Alexander Smith Kathe Koja Kim Newman Lucius Shepard
