The Fiddle:

The Fiddle Handbook Chris Haigh,2009-08 Presents an introduction to the fiddle explores how musicians incorporate the instrument into different genres and offers instruction on playing standard songs **The Complete Idiot's Guide to Playing the Fiddle** Ellery Klein,2008 A guide to playing the fiddle offers advice on choosing an instrument and accessories offers step by step instructions on the techniques of fiddling and includes fingerboard charts and practice tunes **The Lyceum News** ,1915 **The Fiddle Handbook** Chris Haigh,2009-08-01 The Fiddle Handbook is a treasure trove of information spanning the whole range of fiddle playing It looks in detail at the most commonly played styles among today's fiddlers From America there's old time bluegrass Cajun Western swing country blues rock klezmer and jazz while from the British Isles there's Irish Scottish and English There is also a quick romp through Eastern Europe and beyond from the spike fiddles of Africa and Asia to the Chinese Erhu the fabulous Indian Sarangi and the mysterious Norwegian Hardingfele A wealth of musical examples ornaments bowing patterns scales modes exercises and complete tunes are faithfully reproduced on the accompanying CD to give you a taste of each style And finally the book answers once and for all the hoary old question What's the difference between a fiddle and a violin The answer of course is that fiddle players have more fun

Performance and the Middle English Romance Linda Marie Zaerr,2012 An examination of if and how medieval romance was performed uniquely uniting the perspective of a scholar and practitioner Although English medieval minstrels performed gestes a genre closely related to romance often playing the harp or the fiddle the question of if and how Middle English romance was performed has been hotly debated Here the performance tradition is explored by combining textual historical and musicological scholarship with practical experience from a noted musician Using previously unrecognised evidence the author reconstructs a realistic model of minstrel performance showing how a simple melody can interact with the text and vice versa She argues that elements in Middle English romance which may seem simplistic or repetitive may in fact be incomplete as missing an integral musical dimension metrical irregularities for example may be relics of sophisticated rhythmic variation that make sense only with music Overall the study offers both a more accurate comprehension of minstrel performance and a deeper appreciation of the romances themselves Linda Marie Zaerr is Professor of Medieval Studies at Boise State University *The Nursery* ,1876 A monthly magazine for youngest readers **The Scots Magazine** ,1928
