A FIRST
DRAFT

The First Draft

Richard Watson Dixon

The First Draft:

Addenda Et Corrigenda Horst Dippel, 2011 This supplemental volume expands upon the seven volume edition of Constitutional Documents of the United States of America 1776 1860 which was published from 2006 to 2009 It contains 14 constitutional documents from 8 different U S states which were recently made accessible for the first time in American libraries and archives Among the documents in the collection are the constitution of the short lived Republic of Indian Stream which succeeded from New Hampshire from 1832 to 1835 as well as rare constitutional documents from New Mexico and Texas written in both Spanish and English The texts have been edited annotated and indexed on the basis of the original manuscripts and in certain cases rare original prints produced by the official state or constitutional convention printing presses

Writing the First Draft Robert A. Pauker, 2017-07-09 This book is designed to provide teachers with an easy to follow guide for teaching elementary students how to write paragraphs The step by step approach presented in this book enables students to find immediate success in composing both narrative and expository paragraphs Writing the First Draft is divided into four steps Each step contains examples that illustrate the application of this process across the curriculum

Step 1 Understanding the Quick Picture The Quick Picture is the initial step in the process Students learn to think about the purpose for each paragraph in their writing The students become proficient in translating each coherent idea into an image These images are the Quick Pictures

Step 2 Using the Area of Focus The area of focus becomes the main idea behind each paragraph Students realize that each paragraph centers on one area of focus This focus is based on their Quick Picture The area of focus keeps student writing centered as a result each paragraph is clearly defined Students learn to tell a coherent story and deliver a coherent message as opposed to rambling or listing actions or events

Step 3 Answering Guide Questions to Write the First Draft The Guide Questions make it easy for students to organize what they want to say Students learn to use the Guide Questions as a springboard that maximizes language expression The Guide Questions make it very easy for students create meaningful paragraphs that engage the reader and get the key message across

Step 4 Maximizing Elaboration Students become comfortable evaluating their initial draft and determining where to include valuable elaboration This elaboration takes place as part of revision Students learn to enjoy thinking about different ways to elaborate The annotated examples in this book demonstrate how to apply each of these four steps of the process Teachers can incorporate this process into any part of the curriculum

Bonus Developing a Literature Response Journal At the end of this book I have included a section entitled Developing A Literature Response Journal Literature Response Journals are the perfect instructional tool for teaching students how to think about literature These journals are appropriate for both elementary and middle school students The Literary Response Journal complements the step by step process for writing the first draft by helping students learn to analyze literature in an organized manner If teachers incorporate the structure outlined in this section into their literacy program student comprehension should increase markedly
