The Far Arena:

The Far Arena Richard Ben Sapir, 2015-10-13 Released from the Arctic ice after two millennia a Roman gladiator contends with his haunted memories and the modern world in this marvelous novel Los Angeles Times While exploring the polar expanse for an oil company geologist Lew McCardle discovers something remarkable a body encased in the ice Even more remarkable the skills of a Russian researcher bring the man miraculously back to life This strange visitor from the distant past has an amazing story to tell With the help of a Nordic nun who translates from his native Latin Lucius Aurelius Eugenianus reveals that in the era of Domitian he was a champion in the ancient Roman Coliseum a gladiator known far and wide as the greatest of all time But now the warrior Eugeni must readjust to this new world with its bizarre customs hidden traps and geopolitical and moral complexities as he struggles to come to terms with painful memories of loves and glories lost and the bloodthirsty imperial politics and heartbreaking betrayals that ultimately led him to this time and place An ingenious amalgam of science fiction fantasy and history Richard Ben Sapir's *The Far Arena* is a breathtaking work of literary invention at once thrilling poignant and thought provoking

The Far Arena Richard Sapir, 1980-01-01 **Movement Parties of the Far Right** Pietro Castelli Gattinara, Andrea L. P. Pirro, 2024-11-02 In an era of traditional political party decline this book explores a new phase of nativist mobilization in which street politics plays an increasingly important role Pietro Castelli Gattinara and Andrea Pirro delve into the hybrid and transitional nature of far right movement parties i e collective actors that contest elections like political parties and mobilize in the protest arena like social movements Movement parties offer an exceptional object of study since they challenge the conventional distinction between institutional and non institutional politics Examining the production structure of ten movement parties across nine European countries the authors identify key factors that affect their engagement in protest activity They address the organizational capacity decision making processes and external mobilization of these collective actors using unique empirical material including quantitative data on far right protest mobilization spanning over a decade protest network visualizations and qualitative interviews with high ranking officials The book provides fresh insights into how the far right spreads its influence and relates to non institutional politics making it essential reading for anyone concerned about the way in which nativist collective actors transform society from the ground up A compelling study looking at the relationship between electoral politics and grassroots activism *Movement Parties of the Far Right* illuminates the complex organizational and strategic choices underlying far right mobilization *The Chautauquan*, 1900 **The Far East** Kinnosuké Adachi, 1907 **The Longue Durée of the Far-Right** Richard Saull, Alexander Anievas, Neil Davidson, Adam Fabry, 2014-08-27 This volume brings together a number of international scholars to offer an original analysis of far right movements and politics challenging the existing literature through a very different methodological and theoretical perspective The approach offered here is that of *longue durée* analysis whereby the far right is understood as an evolving subject of capitalist modernity The authors argue that an

assessment of the contemporary characteristics of the far right needs to consider the ways in which it is a product of deeper and longer term structures of socio economic and political development than for example the inter war crises of capitalism. The book aims to provide a critical and theoretically informed assessment of the history of the far right that centres on the international as key to any understanding its evolution and which distinguishes between the fascist and non fascist variants as an essential precondition for comprehending the far right presence in contemporary politics. **The Far East**, 1898
