The Doctrine and Practice of Yoga A. P. Mukerji, 2020-09-28 Concentration signifies the state of being at a centre con and centrum Applied to thought it is the act of bringing the mind to a single point Each human being must practise concentration subjectively and objectively In other words each human being aims with more or less precision at concentration on a point within and a point without his own world Concentration without is illustrated when you devote all your attention upon Nature such as learning a trade a profession a science an art or some form of business This is Evolution outgoing or positive mental energy I shall call this Objective Concentration Concentration within implies the withdrawing of attention from the external world and the placing of mind on God Spirit Heaven Religion Peace Nirvana Eternity etc This is Involution i.e incoming or negative energy When Objective Concentration alone is practised you develop into a hard headed practical man of the world or a successful man of business You are keen and shrewd The world is a very matter of fact thing to you You cannot think of anything else beyond money making and pleasures and worldly affairs You are a worldling of the world very clever rich and a master along your

own lines But spiritually you are an imbecile worse than a baby This is the Objective Mind the deepest immersed in matter literally made of the dust It is the brain of worldly wisdom common sense prudence methodical arrangement order discipline classification the skill and knowledge of the expert in any branch or department of art or science This side of the mind is well developed in Scientists Mathematicians and Businessmen etc Where it is not guided by the Subjective Mind it can only see diversity and difference and is the slave of Maya the slayer of the Real Subjective Concentration is seeking the Kingdom of Heaven within you God is Spirit and they that worship Him must worship in Spirit and Truth LAPLACE the great astronomer asserted that he had swept the heavens with his telescope and found neither God nor Heaven Yes poor LAPLACE He looked for God objectively instead of subjectively
