

The untold story of the most powerful family in America.

THE ROCKEFELLER FILE

SECRET

“COMPETITION IS A SIN”

John D. Rockefeller Sr.

GARY ALLEN

Introduction by
Congressman LAWRENCE P. McDONALD

The Rockefeller File

Frank Van Nuys

The Rockefeller File:

The Rockefeller File Gary Allen,1976 **To Kill a Country** Pamela J. Ray,2006-05-01 **The New World (dis)Order** Charles Giuliani,2007-05-20 The world is run by very different people than the visible political puppets that smile at the cameras And these hidden elites have a terribly sinister agenda for global domination working from behind the curtain This book exposes how these criminals operate controlling our media education system government banking system and yes even our churches to keep us in ignorance as to what they are up to After reading this study you will never view the world the same way again **Phoenix Rising** Donald G. Lett,Donald G Lett Jr,2008-02 In an age when the supply of gasoline to feed this modern American society has become both more expensive and more scarce questions are being pondered Inquires like How can a modern society scale back its dependence on gasoline as a motive source Are there genuine alternative power sources Are they the answer to a growing crisis Recent announcements of hybrids like those from Honda Toyota and Ford have really brought attention to this issue Hybrids that use both gasoline engines and electric motors Really though alternative power sources have been around for as long as the automobile has been The battle between and among the steam car the electric and the gas car was fought out in the first couple of decades of the twentieth century This book explores the ins and outs of that battle A struggle from which the gasoline car emerged completely victorious To such an extent that steam cars and electric cars virtually disappeared from the scene for many decades We will look over all three alternatives exploring their advantages and disadvantages We will also look over the obstacles to the steamers and the electrics Barriers that still exist to a certain extent Handicaps that caused their disappearance in the first place **Killing the Planet** Rodney Howard-Browne,Paul L. Williams,2019-11-05 In *Killing the Planet* How A Financial Cartel Doomed Mankind best selling authors Rodney Howard Browne and Paul L Williams investigate the true motives and consequences of the Pilgrim Society Early members of the Society included J P Morgan Andrew Carnegie Andrew Mellon Cornelius Vanderbilt Paul Warburg Mortimer I Schiff Otto Kahn and John D Rockefeller Although the Pilgrim Society and the powerful men involved are often praised for their philanthropic actions Howard Browne and Williams show that the Society was self serving and subjected the American people to a brutal system of economic tyranny one which is still in place today As a sequel to *The Killing of Uncle Sam* *Killing the Planet* is a thoroughly documented and impeccably researched book with over 1 500 footnotes It shows how mankind has become enslaved within the Luciferian world system that is managed and controlled by the world s wealthiest families The book is not full of conspiracy theories but instead unfortunately for all of humanity full of gut wrenching facts **Hidden Evil** Mark Rich,2008-08-21 Highly organized covert state sponsored psychological warfare operations being carried out on the civilian population in all NATO countries *The Hospital Purchasing File* ,1920 *The Unseen Hand* A. Ralph Epperson,1982 Fatal Females Libby Jane Charleston,2013-06-01 Women are supposed to be tender and loving not coldhearted killers knife wielding vampires or gun toting hijackers Yet throughout history there s been no shortage of less

than law abiding ladies Journalist Libby Jane Charleston takes the reader on a chilling journey through a gallery of women who have smashed our perceptions of the stereotypical feminine persona from meek Russian librarian Lucy Dudko who commandeered a helicopter to break her boyfriend out of prison to suburban sex goddess Michelle Burgess who hired a hit man to take out her lover s wife and Katherine Knight who killed skinned and cooked her husband to serve to his children Read these true stories and delve into the dark and disturbing lives of Australia s most fatal females **The City Record** Cleveland (Ohio),1930 British Columbia Lumberman ,1930 **Filing & Office Management** ,1922 Communicable and Other Disease United States. Surgeon-General's Office,Joseph Franklin Siler,1928 **The American Swedish Monthly** ,1911 *The University of Rochester Library Bulletin* University of Rochester. Library,1945 *Erskine May's Treatise on the Law, Privileges, Proceedings and Usage of Parliament* Thomas Erskine May,1964 **The Medical department of the United States Army in the world war v. 9, 1928** United States. Surgeon-General's Office,1928 **Americanizing the West** Frank Van Nuys,2002 The arrival of immigrants on America s shores has always posed a singular problem once they are here how are these diverse peoples to be transformed into Americans The Americanization movement of the 1910s and 1920s addressed this challenge by seeking to train immigrants for citizenship representing a key element of the Progressives search for order in a modernizing America Frank Van Nuys examines for the first time how this movement in an effort to help integrate an unruly West into the emerging national system was forced to reconcile the myth of rugged individualism with the demands of a planned society In an era convulsed by world war and socialist revolution the Americanization movement was especially concerned about the susceptibility of immigrants to un American propaganda and union agitation As Van Nuys convincingly demonstrates this applied as much to immigrants in the urbanizing and industrializing West as it did to those occupying the ethnic enclaves of cities in the East In Americanizing the West he tells how hundreds of bureaucrats educators employers and reformers participated in this movement by developing adult immigrant education programs and how these attempts contributed more toward bureaucratizing the West than it did to turning immigrants into productive citizens He deftly ties this history to broader national developments and shows how Westerners brought distinctive approaches to Americanization to accommodate and preserve their own sense of history and identity Van Nuys shows that although racism and social control agendas permeated Americanization efforts in the West Americanizers sustained their faith in education as a powerful force in transforming immigrants into productive citizens He also shows how some westerners especially in California believed they faced a racial frontier unlike other parts of the country in light of the influx of Hispanics and Asians so that westerners became major players in the crafting of not only American identity but also immigration policies The mystique of the white pioneer past still maintains a powerful hold on ideas of American identity and we still deal with many of these issues through laws and propositions targeting immigrants and alien workers Americanizing the West makes a clear case for regional distinctiveness in this citizenship program and puts current headlines in perspective by showing how it

helped make the West what it is today
