**The Rustle of Language** Roland Barthes, 1986 Essays discuss science mythology language style history semiotics literature and meaning The Rustle of Paul Scott S. Elliott, 2020-02-20 Scott S Elliott reconsiders the autobiographical statements Paul makes throughout his letters particularly Philippians 3 4b 6 Romans 7 14 25 1 Corinthians 9 19 23 and 2 Corinthians 12 1 10 in light of the theoretical work of Roland Barthes Elliott draws particularly on Barthes later poststructuralist writings many of which touch either directly or indirectly on self narration e g Roland Barthes by Roland Barthes Mourning Diary Camera Lucida and A Lover s Discourse Fragments These provide fruitful dialogue partners with which Elliott can interrogate and examine Paul s own writings and consider the ways in which Paul saw himself and how the application of this theory can yield a greater understanding of Paul s letters **Contemporary British Theatre V.** Angelaki, 2015-12-25 This edited collection brings together a team of internationally prominent academics and delivers cutting edge discourse on the strongly emerging tradition of experimentation in contemporary British theatre redefining what the dramatic stands for today Each chapter of the collection focuses on influential contemporary plays and playwrights Rabindranath Tagore in the 21st Century Debashish Banerji, 2014-12-15 This critical volume addresses the question of Rabindranath Tagore s relevance for postmodern and postcolonial discourse in the twenty first century The volume includes contributions by leading contemporary scholars on Tagore and analyses Tagore s literature music theatre aesthetics politics and art against contemporary theoretical developments in postcolonial literature and social theory The authors take up themes as varied as the implications of Tagore s educational vision for contemporary India new theoretical interpretations of gender queer elements feminism and subalternism in Tagore s literary and social expressions his language use as a vehicle for a dialogue between positivism Orientalism and other constructs in the ongoing process of globalization the nature of the influence of Tagore s music and literature on national and cultural identity formation particularly in Bengal and Bangladesh and intersubjectivity and critical modernity in Tagore s art This volume opens up a space for Tagore s critique and his creative innovations in present theoretical engagements Literary Theory and Criticism Patricia Waugh, 2006 This volume offers a comprehensive account of modern literary criticism presenting the field as part of an ongoing historical and intellectual tradition Featuring thirty nine specially commissioned chapters from an international team of esteemed contributors it fills a large gap in the market by combining the accessibility of single authored selections with a wide range of critical perspectives The volume is divided into four parts Part One covers the key philosophical and aesthetic origins of literary theory while Part Two discusses the foundational movements and thinkers in the first half of the twentieth century Part Three offers introductory overviews of the most important movements and thinkers in modern literary theory and Part Four looks at emergent trends and future directions *Virtual Play and the Victorian Novel* Timothy Gao, 2021-04-15 Pondering the town he had invented in his novels Anthony Trollope had so realised the place and the people and the facts of

Barset that the pavement of the city ways are familiar to my footsteps After his novels end William Thackeray wonders where his characters now live and misses their conversation How can we understand the novel as a form of artificial reality Timothy Gao proposes a history of virtual realities stemming from the imaginary worlds created by novelists like Trollope Thackeray Charlotte Bronte and Charles Dickens Departing from established historical or didactic understandings of Victorian fiction *Virtual Play and the Victorian Novel* recovers the period's fascination with imagined places people and facts This text provides a short history of virtual experiences in literature four studies of major novelists and an innovative approach for scholars and students to interpret realist fictions and fictional realities from before the digital age This title is also available as Open Access on Cambridge Core

**Influence and Intertextuality in Literary History** Jay Clayton, Eric Rothstein, 1991 This important collection explores and clarifies two of the most contested ideas in literary theory today influence and intertextuality The study of influence tends to center on major authors and canonical works identifying prior documents as sources or contexts for a given author Intertextuality on the other hand is a concept unconcerned with authors as individuals it treats all texts as part of a network of discourse that includes culture history and social practices as well as other literary works In thirteen essays drawing on the entire spectrum of English and American literary history this volume considers the relationship between these two terms their rivalry their kinship their range of uses Debates about these two concepts have been crucial to the new historicism and the resurgence of interest in literary history The essays in this volume employ a refreshing array of examples from that history poetry of the Renaissance and the twentieth century novels of the eighteenth through twentieth centuries Old English texts and postmodernist productions that have served as recurrent intertexts for contemporary theory The contributors treat such currently vital questions as the role of the author canon formation gender causality and the social dimension of texts They illuminate old assumptions and new ideas about agency that lie behind notions of influence and they examine models of an anonymous textual field that lie behind notions of intertextuality The volume takes much of its character from its own intertextual origin as a group project of the English faculty at the University of Wisconsin Madison Though diverse in their academic interests concerns and experience the contributors participated in an ongoing intellectual exchange that is a model of how new scholarship can arise from dialogue

□□□□, 1993 [Eroticism, Ethics and Reading](#) Yvonne Martinsson, 1996 [Jim Kobak's Kirkus Reviews](#), 1986 **Kirkus Reviews**, 1986 Adult books are categorized by genre i.e. fiction mystery science fiction nonfiction Along with bibliographic information the expected date of publication and the names of literary agents for individual titles are provided Starred reviews serve several functions In the adult section they mark potential bestsellers major promotions book club selections and just very good books in the children's section they denote books of very high quality The unsigned reviews manage to be discerning and sometimes quite critical

*Postmodern Social Analysis and Criticism* John W. Murphy, 1989-06-15 Although postmodernism has had clear impact on literary criticism the social and political implications of this philosophy have not been systematically investigated

Murphy's study is the first to bring a broad interdisciplinary perspective to the subject and to present postmodernism as a coherent social theory. Responding with compelling arguments to critics of postmodernism, Murphy develops a model that offers a viable alternative to traditional approaches to conceptualizing and studying social life. In an introductory chapter, Murphy looks at the differences between modernism and postmodernism and discusses the metanarratives that characterize the former. He goes on to clarify key assumptions and concepts, especially the postmodern opposition to the traditional Western separation of subject and object. In subsequent chapters, he describes the research methodology used by postmodernists, their views of social ontology, and the relationship between order and structure and the creation of socially responsible institutions. The postmodernists' reconceptualization of key aspects of cultural reality, including time, space, reason, and social relations, is examined in detail. Murphy concludes by exploring the political ramifications of the postmodernist model and its potential as a vehicle for building a genuinely democratic society. This study will be of particular interest to philosophers, economists, and sociologists concerned with contemporary developments in European social philosophy. It is relevant to courses or study in social theory and philosophy, communication theory, cultural criticism, and related fields.
