Healing the Stomach and Spleen: Spiritual Remedies for Worry, Nourishment, and Trust Laing Z.

Matthews, 2025-12-30 Heal your digestion by returning to the oldest rule in medicine protect the center Healing the Stomach and Spleen is a practical field manual for rebuilding appetite energy and gut stability without obsession hype or extreme diets If you deal with bloating reflux nausea burping loose stools constipation heavy fatigue brain fog cravings or that damp sluggish feeling that never fully leaves this book gives you a clear map and a simple plan In traditional medicine the Stomach and Spleen are more than organs They are the body s daily furnace the system that transforms food into usable fuel keeps fluids moving and gives the mind a stable seat When this center is strong you feel grounded warm clear and steadily energized When it is weak or flooded everything gets complicated symptoms bounce around meals feel risky and you end up chasing answers instead of building stability Modern life is designed to break the center rushed meals cold drinks late night eating chronic stress irregular sleep and constant grazing Many people then swing to the other extreme punishing fasting harsh cleanses and restrictive food rules that increase anxiety and make digestion more reactive This book takes the traditional middle path stabilize first then rebuild Reduce interference Restore rhythm Use warmth simplicity and repetition until the body remembers how to digest again Inside you ll learn how to read your pattern without drama using plain language heat vs cold dryness vs dampness deficiency vs stagnation stress driven rebellion vs true weakness You ll get practical steps for the first 24 72 hours of a flare calm the gut simplify meals stop the slide and a 30 90 day rebuild plan to restore consistent appetite bowel function and steady energy Food guidance is warm simple and repeatable soups broths congee style meals gentle proteins timing rules portion cues and realistic ways to handle sugar dairy greasy foods raw cold foods and spicy foods based on how your body responds The goal is not a perfect diet The goal is a stable center that can handle ordinary life again This book also addresses the gut nervous system link Stress tightens the diaphragm changes motility and steals blood flow from digestion You ll learn non forcing breath practices and simple body resets that calm the field so the gut can do its job No breath holding no heroic techniques just steady methods that work Fasting is included but treated like medicine not culture You ll learn when gentle fasting can help when it harms and who should not fast at all This is not a book for self punishment It is a book for rebuilding function You ll also find clear red flags for when symptoms require medical care plus simple tracking metrics energy appetite stool bloating cravings sleep so you can see progress without turning health into a full time job If you want a grounded traditional approach that respects modern reality this book brings you back to what has always worked warmth rhythm simplicity and steady rebuilding until digestion becomes boring again

CHRISTIAN THEOLOGY Edward D. Andrews, 2016-07-16 **Life in Christ** William Robert West, 2015-09-29 What do you believe about souls There are many very different doctrines taught in the world today concerning souls that are believed to be in all humans By most a soul is believed to be something that is wholly apart from the person a soul is in that a

soul is something that is that is believed to be complete in its self without the person it will live after the person it is in is dead it is believed that a soul will exist forever without the person it will never be dead therefore a soul cannot be resurrected from the dead It is believed that a soul must live someplace forever and it will live either in Heaven or Hell even if there is no resurrection The doctrine of unconditional immortality of a deathless soul being in a person and that soul leaving that person at the death of the person makes it impossible for Christ to have give His life to save that soul from death if a soul had immortality it would already have life and could never not have life all Christ could do is give it a reward or punish it
