Thunderbolt Col. Hans Christian Adamson,2017-02-07 A Sea Cadet in 1711 and a Vice Admiral in 1718 young Wessel barged into battle against his Swedish foes wherever he found them often in direct violation of orders issued by timid souls in the Admiralty But Frederik IV King of Denmark Norway loved a winner He gave his youthful fighting cock promotion after promotion over scores of officers of senior vintage The result was that Peter had almost as many enemies among officers in the Danish Norwegian Navy as he had in that of Sweden So great were his battle conquests and his services to the nation that Captain Wessel soon after his twenty fifth birthday was given a Patent of Nobility and the name Tordenskjold Roughly translated this means Torden The Thunderbolt that Strikes and Skjold The Shield that Defends In actions on land and sea Tordenskjold lifted his nom de guerre to deathless and stratospheric heights While this book is based on historical events and peopled by real persons it is by no means a definitive history The Great Northern War which ran from 1709 to 1719 sucked Denmark Norway Russia Poland and England into conflict against the then mighty Sweden Its pattern is too complicated for compression into a one volume book dedicated to pinpointing the career of a single participant For that matter the historical facts folklore and legends that have been built up over the centuries around Vice Admiral Peter Tordenskjold are so voluminous that in themselves they could cover quite a spread of bookshelf The problem has not been what to put into this book but what to leave out and still do justice to its subject *The publishers weekly* ,1991 [The Junior Munsey](#) ,1902

[The Youth's Companion](#) Nathaniel Willis,Daniel Sharp Ford,1884 Includes music **Pearson's Magazine** ,1900-11

Presumed Lost Stephen Moore,2009-10-01 When submarines failed to return to port from patrol they were officially listed by the Navy as overdue and presumed lost Loved ones were notified by the War Department that their siblings spouses and sons were missing in action and presumed lost While 52 U S submarines were sunk in the Pacific the Japanese took prisoners of war from the survivors of only seven of these lost submarines Presumed Lost is the compelling story of the final patrols of those seven submarines and the long captivity of the survivors Of the 196 sailors taken prisoner 158 would survive the horrors of the POW camps where torture starvation and slave labor were common This is the most complete and accurate

record of their captivity experiences ever compiled Author Stephen L Moore draws on personal interviews with the survivors as well as on diaries family archives and POW statements to reveal new details and correct longstanding errors in previously published accounts Moore s research brought to light the following facts Most crewmen from USS Perch endured 1 298 days of captivity without their families ever being told that they were still alive The Perch and USS Grenadier were so badly damaged by enemy depth charge attacks that their crews were forced to scuttle their ships USS Sculpin and USS S 44 went down fighting with only forty two men from the Sculpin being taken prisoner and half of them perishing on the way to Japan USS Tang and USS Tullibee victims of their own faulty circling torpedoes had few survivors five of whom managed to escape from the sunken burning Tang when it was 180 feet below the ocean surface As many as six men survived the loss of USS Robalo after it struck a mine off Palawan but none of those survived the prison camps The book includes dozens of rare photos of the POWs many of which have never before been published Appendices include final muster rolls of the seven submarines and a complete list of the U S submariners who were held as POWs with details of their various camps of internment
