THE GROUNDWORK:

Genesis of the mediaeval genius Henry Osborn Taylor,1911 *Ireland's Art, Ireland's History* Síghle Bhreathnach-Lynch,2007 Until recently little attention was paid to the role of art in constructing the story of the Irish nation This wide ranging study of Irish pictures and sculpture opens up the subject by providing a fresh interdisciplinary approach Each work is analyzed beyond its strictly art historical relevance A deeper investigation into the context in which a work was produced reveals much about the aspirations and ideological ambitions of artists those commissioning works and the viewing public The study of such diverse topics as the representation of the Irish peasant the behind the scenes tensions in setting up a national gallery for Ireland the erecting of political monuments Church art West of Ireland landscape painting and the difference in nationalistic fervor among artists as diverse as Albert G Power and Jack B Yeats unveil fascinating testimony about Ireland s collective national needs and its constructs of identity **The Journal of the Royal Society of Antiquaries of Ireland** Royal Society of Antiquaries of Ireland,1898 Index of archaeological papers published in 1891 under the direction of the Congress of Archaeological Societies in union with the Society of Antiquaries [The Journal of the Royal Society of Antiquaries of Ireland](#) ,1893 **A Concise History of Irish Art** Bruce Arnold,1977 The book traces the complex evolution of Irish art through three millennia showing how it has drawn on Celtic Anglo Saxon Norman Mediterranean and other diverse sources The author repatriates Irish artists who are frequently regarded as English and shows how Irish paintings and sculpture illuminated manuscripts metalwork and architecture together form a rich and distinctive cultural heritage **Journal** Royal Society of Antiquaries of Ireland,1893 [Irish Art](#) Bruce Arnold,1989-09-01 Irish art of the early Christian era is justly celebrated So too are the individual contributions of artists such as Jack B Yeats What is perhaps less widely accepted is the existence of a continuing and developing tradition of Irish art from the earliest times to the present day Bruce Arnold traces the complex evolution of Irish art through three millennia showing how it has drawn on Celtic Anglo Saxon Norman Mediterranean and other diverse sources As the story unfolds Arnold repatriates Irish artists who are frequently regarded as English including William Mulready Daniel Maclise and James Barry and shows how Irish painting and sculpture illuminated manuscripts metalwork and architecture together form a rich and distinctive cultural heritage [Ireland and the Making of Britain](#) Benedict Fitzpatrick,1921 **Source Book of Constitutional History from 1660** David Oswald Dykes,1930
