Living for Shalom Jeanette Woods,2021-08-31 Ross Langmead will be remembered as one of Australia's leading missiologists having established his credentials as a young man in founding Westgate Baptist Community after writing a report on the struggling churches in the west of Melbourne His distinguished academic and teaching career led him to join the faculty at Whitley College until his death in 2013 He will also be remembered for his seventies folk group Daddy's Friends and the songs of love and justice he wrote over forty five years that are still sung today This biography starts with his missionary family upbringing and traces the influences that shaped his passion for sharing Jesus with the urban poor He was a key player in the radical discipleship movement in Australia his understanding of incarnational mission was that Christians need to be the people of God just where they are Above all he lived simply that others might simply live his passion extending to ecumenology and support for the unemployed indigenous and refugees He would want this book to inspire readers to make a difference in the world

Metaphor and Meaning Constance A. Cook,Christopher J. Foster,Susan Blader,2024-07-01 In Metaphor and Meaning scholars from China the United States and Europe draw on Sarah Allan's groundbreaking application of conceptual metaphor theory to the study of early Chinese philosophy and material culture Conceptual metaphor theory treats metaphors not just as linguistic expressions but as fundamental structures of thought that define one's conceptual system and perception of reality To understand another culture's worldview then hinges upon identifying the right metaphors through which it then becomes possible to navigate between shared and unshared experiences The contributors pursue lines of argument that complement enhance or challenge Allan's prior investigations into these root metaphors of early Chinese philosophy whether by explicitly engaging with conceptual metaphor theory or more indirectly by addressing meaning construction in a broader sense Like Allan's interpretative works Metaphor and Meaning interrogates both transmitted traditions and newly unearthed archaeological finds to understand how people in early China thought about the cosmos society and themselves

Confucian Role Ethics Roger T Ames,2011-08-03 In this landmark work noted comparative philosopher Roger T Ames interprets how the classics of the Confucian canon portray the authentic ethical human being He argues that many distinguished commentators on Confucian ethics have explained the fundamental ideas and terms of this distinctively Chinese philosophy by superimposing Western concepts and categories effectively collapsing this rich tradition into a subcategory of virtue ethics Beginning by addressing the problem of responsible cultural comparisons Ames then formulates the interpretive context necessary to locate the texts within their own cultural ambiance Exploring the relational notion of person that grounds Confucian philosophy he pursues a nuanced understanding of the cluster of terms through which Confucian role ethics is expressed Drawing on Western and Chinese sources Ames provides a convincing argument that the only way to understand the Confucian vision of the consummate life is to take the tradition on its own terms

Human Becomings Roger T. Ames,2020-12-01 2021 CHOICE Outstanding

Academic Title In Human Becomings Roger T Ames argues that the appropriateness of categorizing Confucian ethics as role ethics turns largely on the conception of person that is presupposed within the interpretive context of classical Chinese philosophy By beginning with first self consciously and critically theorizing the Confucian conception of persons as the starting point of Confucian ethics Ames posits that the ultimate goal will be to take the Confucian tradition on its own terms and to let it speak with its own voice without overwriting it with cultural importances not its own He argues that perhaps the most important contribution Confucian philosophy can make to contemporary ethical social and political discourse is the conception of focus field relationally constituted persons as a robust alternative to the ideology of individualism with single actors playing to win
