Travellers Nature Guide Britain:

Britain Martin Walters, Bob Gibbons, 2003 This new series of fabulously illustrated four color natural history travel guides finally offers a practical and fun way to enjoy the wildlife and natural resources of a country The guides consist of unique authoritative descriptions of some two hundred plus sites to visit complemented line drawings and photographs of individual animals and plants spectacular photographs of landscapes and paintings Each book introduces the ecology geology and wildlife of the country it covers then describes where to see its natural history at its best The entries are based on intensive travel and research by the individual authors all seasoned travelers with first hand experience of the country they write about Each guide includes practical information on access maps and appropriate field guides Sites range in size from a few to thousands of acres including National Parks nature preserves and common land and all are open to the public

Wild Britain Douglas Botting, 1988-01-01 *Greece* Bob Gibbons, 2003 This is one of the first four in a new series of fabulously illustrated natural history travel guides intended for the general reader with an interest in natural history and for the growing numbers of ecotourists who want to know where to see wildlife in the countries they visit The books are designed to complement each other and to build into a nature library together giving an introduction to the natural history of Europe Greece is a wonderfully varied and exciting country with unspoilt scenery from hot barren sun baked rocky wastes to snow capped mountains forests abundant natural lakes many of the deepest gorges in Europe and vast areas of saltmarsh and coastal lagoons all relatively undiscovered Its climate makes it an ideal place to visit in spring and autumn For the naturalist it is a rewarding country to visit with much to see at every season and something new around every corner Essentially practical the book first introduces the ecology geology and wildlife of Greece then goes on to describe where to see its natural history at its best There are descriptions of a selection of some 200 sites to visit each carefully chosen to show a range of habitats and fascinating wildlife The entries are the personal choice of the author and are based on intensive travel and research in the region Described sites range in size from a few to thousands of hectares be they National Parks nature reserves or simply common land but all are open to the public and accessible to the ordinary visitor Four colour throughout this book has stunning landscape photographs line drawings and photographs of individual animals of plants and animals colour region and site maps and a splendid composite painting encapsulating typical habitats and their inhabitants
