## **Soviet Law In English Research Guide And Bibliography:**

Soviet Law in English Igor I. Kavass,1988      A History Of Russia Volume 2 Walter G. Moss,2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world      Reader's Guide to the Social Sciences Jonathan Michie,2014-02-03 This 2 volume work includes approximately 1 200 entries in A Z order critically reviewing the literature on specific topics from abortion to world systems theory In addition nine major entries cover each of the major disciplines political economy management and business human geography politics sociology law psychology organizational behavior and the history and development of the social sciences in a broader sense      **Russian Law** Ferdinand J.M. Feldbrugge,2023-07-03 This is the first treatise on Russia s new legal system as it emerged from the dissolution of the Soviet Union The first part of the book analyses in detail the political and economic origins of perestroika indispensable for understanding the basic parameters of the evolution of Russian law In the following chapters all major legal subjects are discussed against the background of their Soviet past and as the result of the radical changes in the political social and economic make up of the country The appendices include the texts of the U S S R and Russian Constitutions the Agreement of Minsk The Russian Federation Treaty bibliographical sources and extensive indices of Soviet and Russian legislation The book has been written for legal practitioners comparative lawyers and students of Russian law but will also be of interest to a wider audience of political scientists journalists etc      **Walford's Guide to Reference Material: Social and historical sciences, philosophy and religion** Albert John Walford,Marilyn Mullay,Priscilla Schlicke,Library Association,1996 This new edition of Volume II last published in 1994 has been extensively expanded and revised in all areas Fully updated the new edition includes major changes and covers a span of topics from archaeology through medieval history to statistics It includes philosophy psychology religion social sciences geography biology and history All areas have been completely updated with additional material in economics business and management      Soviet Constitutional Crisis Robert Sharlet,2016-06-16 Moving from the adoption of the post Stalin Constitution of 1977 through its subsequent implementation under Brezhnev Andropov and Chernenko to the radical legal restructuring of the Gorbachev years Robert Sharlet traces the gradual evolution of a nascent constitutionalism in the erstwhile USSR Sharlet a noted authority on Soviet law and constitutional development demonstrates the gradual transformation of law from an instrument of Communist Party rule into the new rules of the game for nonauthoritarian political development In effect he argues one of Gorbachev s most durable achievements may be his redefinition of Soviet politics into a legal idiom along with his relocation of policymaking from behind the closed doors of Party conclaves into the more open emergent arena of constitutional government In analyzing the

politics of law from the Brezhnev era to the rise of Yeltsin the author takes account of the war of laws the symbolic uses of the Soviet constitution and even the fact that the leaders of the failed coup attempted to justify their seizure of power on constitutional grounds Constitutionalism has sufficiently suffused Soviet public life the book concludes that most of the sovereign republics as successors to the former USSR have begun designing their futures to varying degrees in constitutional forms **Walford's Guide to Reference Material** Marilyn Mullaney,1989 **Information Sources in Law** J.R.

Winterton,Elizabeth M. Moys,2012-06-21 The aim of each volume of this series Guides to Information Sources is to reduce the time which needs to be spent on patient searching and to recommend the best starting point and sources most likely to yield the desired information The criteria for selection provide a way into a subject to those new to the field and assists in identifying major new or possibly unexplored sources to those who already have some acquaintance with it The series attempts to achieve evaluation through a careful selection of sources and through the comments provided on those sources
